REPORT OF THE SELECTMEN.

The Selectmen of Weymouth submit herewith their annual report, with a detailed statement of the expenditures under the various appropriations, for the year ending December 31, 1899.

HIGHWAYS.

Nelson W. Gardner was appointed Superintendent of Streets and entered upon the duties of the office April 1.

At the request of the superintendent the several members of the board assumed the immediate supervision of the highway repairs in their respective wards.

Much which might have been done to good advantage had the appropriation warranted, remains undone, but considering the moderate amount devoted to them our streets are as a whole in good condition, and compare favorably with those of surrounding towns. Having required the South Shore and Boston Street Railway Company to relay their track from Lincoln, to Washington Square, it became necessary on the part of the town to regrade nearly the whole length of the hill, in order to secure satisfactory drainage. This piece of road together with the part of Commercial street between Washington Square and the railroad station at Weymouth, and also the portion of Broad street between Weymouth Center and Jackson Square require constant attention and frequent outlay, and will never be satisfactory until they are macadamized, and we think that it is advisable to make a beginning upon them during the coming year, which if done, will of course require a especial appropriation.

We expected with the aid of the street railway excise tax, which the law of 1898 requires to be expended upon the highways, to have closed the year's accounts with little if any, expenditures in excess of the appropriation, but as that tax did not bring in as much money as we anticipated, the accomplishment of the work deemed necessary has occasioned an expenditure of \$805.93 in excess.

The Highway Commissioners were in town last spring and expressed surprise that, with the amount expended upon them, the roads of the town could be kept in as good condition as they are, and remarked that if our one hundred miles of roads were all macadamized, the appropriation of \$10,000, would no more than keep them in repair.

Of the new streets and extension of streets which have been accepted by the town, there remain to be constructed the whole or portions of the following: Phillips street, Bayview street, Granite street, King avenue, and Center street.

We also call attention to a re-location of a portion of Pleasant street which was made by the County Commissioners in 1872, but never worked; as the East Weymouth Cemetery Association have been to large expense in improving the front of their property on this street and propose to ask for an appropriation, to have the town work the relocation along that section of the street.

The only special appropriation which we have to report is that for the relaying of the retaining wall on Bridge street, destroyed by the tides in the storm of November 1898.

This work has been accomplished in a substantial manner at a cost of \$477.82.

REMOVAL OF SNOW.

In our supplementary report at the last annual meeting we showed an unprecedented expenditure in this department by reason of the very unusual storms of the last winter. The deficiency thus occasioned was provided for by the town, a balance of but \$868.86, however, remaining for the remainder of the year.

Of the amount expended \$1,154.01 was occasioned by our being obliged, after the street railway tracks were cleared by the companies, to remove large amounts of snow from some of the streets, especially Broad street from Weymouth Center to Jackson Square, and Academy Hill on Washington street, in order to render these ways passable for general travel. Bills to the amount of \$569.17 were rendered to the Braintree and Weymouth Company, and \$584.84 to the Quincy and Boston Company; both companies decline to pay the bills, claiming that they are released from any obligation to do so by the provisions of the street railway act of 1898.

Similar cases occurred in several municipalities in the State, some of which, the railroads paid, some were compromised and some are still unsettled. In a parallel case to ours occurring in West Springfield, resort was had to the courts, and a decision is now pending in the Supreme Court. Should this case be decided in favor of the town, and the street railway companies in this town still refuse to pay, we recommend that the selectmen be authorized to enter a suit for the recovery of the amounts so expended.

STATE HIGHWAYS.

The Commissioners after looking over Washington and Main streets, were unwilling at this time to acquire either of them as a State highway, and consequently no money has been expended.

STREET RAILWAYS.

The Selectmen reported a year ago, two petitions as pending, one from the Braintree and Weymouth Company, and one from the Quincy and Boston Company. Both of these were granted in

their essential features, but neither have been built upon. The Braintree and Weymouth road was sold to another company with which it is now consolidated, under the name of the South Shore and Boston Street Railway Company, and the consolidated company has no use for the location asked for. It appears also that the Quincy and Boston company has no further interest in the Washington street location, and we consider there is no probability of its being built upon. It would be a wise provision, if further locations are granted to street railway companies, to require the deposit of a substantial bond as a guarantee of good faith; the same to be forfeited if the company receiving the location fails to build thereon.

POLICE.

The police work has been practically upon the same basis as for 1898. Three patrols were employed for night service, one in Ward 2, one in Ward 3, and one in Ward 5. There has been considerable demand for police service which we have been unable to supply, with the appropriation at our control.

Officers Butler and Fitzgerald, were again appointed as special officers for the suppression of the illegal sale of intoxicating liquors, and in addition to this have done much other work. They have been detailed a part of the time on night patrol duty at Weymouth Center, North Weymouth and at the wharves on Fore River. A detailed report from them appears on page 186.

MISCELLANEOUS.

By reason of expenses incurred in the suit of Thomas Humphrey and two others vs. Weymouth, which involved the expenditure of several hundred dollars, this appropriation is overdrawn, and will probably require \$500.00 additional to carry it to the first of April.

TOWN HOUSE.

The report of last year stated the probability that a line of street cars would pass the Town House, and recommended that the house be put in repair and the vault enlarged. We now see no probability that the proposed railway will be realized, and recommend that an office be furnished for the transaction of the town business at some central location on the line of railway, and that a committee of five be appointed to act in connection with the Selectmen of 1900 in this matter, under such instructions as the town may see fit to give.

ELECTRIC LIGHTS.

The same number of street lights are in operation as were reported last year, viz., 277 incandescent and 33 arc lights, for which we have continued to pay \$17.00 and \$70.00 respectively. The quality of the lights, as a whole, has materially improved, but an unwarrantably large number have been out at times. The appropriation was sufficient for but eleven months service, and will be practically exhausted by March 1.

BILLS PAYABLE.

There has been paid, not including one note of \$20,000.00 for money borrowed in anticipation of taxes, two notes as follows: One of \$5,500.00 and one of \$12,000.00, which were provided for by issuing three notes, one of \$5,500.00, payable May 1, 1903, one of \$6,000.00, payable May 1, 1904, and one of \$6,000.00, payable May 1, 1905. One note of \$15,000.00 becomes due January 1, 1900, which is provided for by the authority

of the town to issue two notes of \$7,500.00 each, payable January 1, 1906 and 1907 respectively.

The amount of notes and bonds outstanding against the town, not including \$40,000.00 for money borrowed in anticipation of taxes is \$111,500.00.

It will be necessary to provide for one note of \$14,000.00, which becomes due May 9, 1900.

TOWN SEAL.

The Legislature of 1899 (see Acts of Chap. 256, Sec. 2) provided that all towns not having a seal shall establish one within one year from April 10, 1899, the same to be in the custody of the town clerk. The enforcement of this act has been placed in the hands of the Commissioner of Public Records, and that official strongly recommends that towns whose seals bear no device, adopt one with a device, as being less easily counterfeited. The design presented on the cover of this book is one which we have had prepared, and present it for the action of the town. We are indebted for the general plan to our townsman, John J. Loud, who has given the matter much thought, and the following is his interpretation of the devices:—

Open bible, emblem of enlightened civilization. Sword and knife, emblematic of the encounter of Standish and the Indian chief, Pecksuot (see address of Charles Francis Adams, 250th anniversary of settlement of Weymouth). Bow and arrows, Indian barbarism. Spade and axe, civilization. Sailing vessel, heavily laden, commerce of seaport town. Stars and stripes, emblem of patriotism and guaranty of whole. Motto: To labor is to conquer.

GUIDE BOARDS.

Some outlay will be needed to renew guide-boards which are required by law to be maintained.

SUITS AT LAW.

The case of Henry C. Gardner vs. the Inhabitants of Weymouth remains as at the last annual report.

The case of Thomas H. Humphrey and two others vs. the Town of Weymouth, to recover damages for injury to their property by the overflow of water, was settled out of court by advice of counsel.

This course was adopted as being less expensive than to have tried the case. The damage sustained by the plaintiff was alleged to have been caused by the obstruction of the bridge hole at Humphrey's Meadow whereby water flowed back into the tannery of plaintiff during the unusual freshets of last year.

Considerable obstruction did exist, and this was contributed to by the water main, which when it was laid was left twelve inches above the bottom of the bridge-hole, thus affording a lodgment for sediment from the meadow, and dirt which washed in from a dam, constructed on the upper side of the bridge some years ago, with the knowledge and consent of the proprietors of the tannery, for the purpose of holding back the water at a time when the pond was low.

We think it advisable that the water main be lowered to the level of the bottom of the bridge hole.

A suit has been entered by M. C. Dizer and two others to recover certain taxes which were paid by them under protest.

Detailed statements of the several appropriations with the expenditures thereunder, will be found in their appropriate places.

GORDON WILLIS,
BRADFORD HAWES,
C. E. BICKNELL,
GEORGE L. NEWTON.
NELSON W. GARDNER,

Selectmen of Weymouth.

AUDITORS' REPORT FOR THE YEAR 1899.

We, the undersigned, Auditors of the Town of Weymouth, hereby certify that we have verified the Town Treasurer's accounts and find vouchers filed in proper order and the books well kept.

Selectmen of Weymouth.

REPORT OF THE OVERSEERS OF THE POOR.

The Overseers of the Poor submit herewith their annual report for the year ending December 31, 1899, together with the auditor's appraisal of property at the Alms house made January 1, 1900.

ALMSHOUSE.

The institution has remained under the careful and economical administration of Mr. and Mrs. Charles F. Atkinson, and their services have been secured for the ensuing year.

Notwithstanding the extremely dry season, by reason of which the farm crops were reduced by the value of several hundred dollars, the receipts on account of the house and farm have been almost exactly the same as they were for 1898, viz., \$2,815.16. The shortage of the hay crop will, however, show against the account for 1900 by about \$200.00, as it will be necessary to purchase that amount to carry the stock through the winter.

The cost at the house for ordinary expenses has been \$2,381.78, being \$96.59 less than for last year.

The per capita cost has been \$2.13 a week.

We have carried out some long contemplated improvements, by which the well-being of the inmates has been promoted and the danger from fire materially reduced.

The house has heretofore had but one bathroom, for men only, and that located in the basement, where, although it answered passably well in the summer, it seemed an unreasonable hardship to compel its use in the winter, there being no facilities for heating it. We have now had two bathrooms furnished on the upper floor, one for men and one for women.

We have had electric lights put in throughout the house, and in the barn, and have contracted for the lighting at one hundred dollars a year. The cost for lighting is increased, but the risk from fire materially diminished, and with this added security we feel assured that the town will approve the expenditure.

The number of inmates who have been cared for, for the whole or a portion of the year, not including boarders and tramps, is thirty-five.

Eight deaths have occurred, as follows :—

Michael Smith, a State charge, aged 24, died January 12.

James G. Paige, aged 74 years, died February 5.

Patrick Lyons, a soldier boarder, aged 75 years, died April 12.

Patrick Weathers, aged 65 years, died June 11.

Rachel Spear, aged 72 years, died July 15.

Henry Shaw, aged 87 years, died December 5.

Lyman Skelton, whose settlement was in Burlington, aged 61 years, died December 10.

William T. Cushing, aged 62 years, died December 13.

The number of tramps who have been provided with food and lodgings has been 756, a decrease of 426 from that reported for 1898. Those who patronize the house, as a rule, seem to take quite cheerfully to their morning exercise at the wood pile; those who are constitutionally opposed to labor avoid the place. There is a very gratifying reduction in the number lodged from what it was at the high water mark in 1896, when there were 2,327. If the reduction for the next three years continues at the rate of the last three, the tramp problem, at least so far as it affects Weymouth, will have been solved.

HOSPITALS, ETC.

There has been no considerable change in the number or cost of this class of unfortunates; \$3,127.81 has been expended for the maintenance of the twenty-one persons, who for the whole or a portion of the year have been inmates of hospitals at the expense of the town.

POOR OUT OF ALMSHOUSE.

A slight reduction appears in the number and in the cost of the town's poor out of the house for the last year.

The amount expended has been \$7,155.67, being \$90.02 less than for 1898, but the cost for the State, cities and towns has continued to increase, being \$1,840.42. Also there has been an increase in the class "hospital bills refunded," which comprises those cases for which the town pays, but as the cost is refunded by relatives, their names do not appear in the detailed report. The amount so expended has been \$1,193.88. It will be seen that the cost for these two classes has been \$3,034.30. The town has for several years appropriated without raising \$2,000.00 for these classes, which it is evident must be increased by at least \$1,000.00.

GENERAL REMARKS.

In our report a year ago, we stated that by the operation of Chap. 425, Sec. 2, Acts of 1898, "which provides that all settlements not fully acquired subsequent to May 1, 1860, are defeated and lost," certain of the town's poor became state charges.

This construction of the law was probably not contemplated in its passage, and the State authorities had not then acknowledged that this would be its effect, but they have since done so and by reason thereof, Elizabeth Tirrell, Alonzo Tirrell, Leroy Tirrell and Leavitt B. Torrey at the almshouse, and George W. Poole and Henry C. Bates, of the outside poor, are acknowledged by them as State charges. With the exception of Elizabeth Tirrell, and George W. Poole, for whom they allowed \$1.00 a week each, they proposed to remove these cases to the State Almhouse at Tewksbury, but upon further consideration we have reason to believe that they will allow \$1.00 a week for all these cases, in which event we recommend that the town continue to support them and pay the balance of the cost of their maintenance.

The working of this law has occasioned quite a revolution in the determining of old settlements, and while it will eventually, as

designed by its promoters, simplify the work and release towns and cities from the care of those whose record has to be traced back, perhaps a hundred years for a settlement, and who may themselves, their parents and grandparents have lived in other states, yet its immediate effect has been to require a large amount of research and consequent travel unless the town was willing to continue aid to those from whom by the law it was released.

Nelson W. Gardner was appointed a committee on settlements, and has performed most of this work, devoting thereto much time and research, and with good results. Considerable expense has attended this work, but it has been money well invested, as several cases where aid was being rendered by other towns and cities, involving the expenditure of hundreds of dollars in years past, and with a reasonable certainty of its being thousands in years to come, are now removed from our list. There have been also a number of new cases where settlements were alleged in Weymouth, some of them with good prospect of being long continued and expensive which we have escaped by the new law.

Our report shows a balance of but \$556.80, which is plainly insufficient to complete the financial year, but as the amount expended for other towns and cities and for hospital bills refunded was largely in excess of the appropriation, and will mostly, if not all, be paid into the treasury before the annual meeting, we recommend that \$1,500.00 be appropriated without raising for the deficiency.

TOWN PHYSICIANS.

The following physicians were appointed for one year from June 6: W. A. Drake for Ward 1 and the Almshouse at a salary of \$100.00 a year; J. C. Fraser for Ward 2 at a salary of \$60.00; George D. Bullock for Ward 3 at a salary of \$50.00; K. H. Granger for Ward 4 at a salary of \$40.00; E. N. Mayberry for Ward 5 at a salary of \$50.00.

Following are the conditions of their appointment:—

Dr. Drake to attend to the town's poor at the request of the Overseer of the Poor in Ward 1, or the Superintendent of the Almshouse, and the others to attend to the town's poor in their

respective wards at the request of the Overseers of the Poor in their several wards.

They shall all furnish the medicines needed for the treatment of all cases to which they are called, but this shall not be considered to include medical foods, as cod liver oil, etc., neither surgical appliances nor vaccination, and added compensation shall be allowed for treatment of small-pox cases. The State poor and those having a settlement in other places shall be attended at a discount of $33\frac{1}{3}$ per cent. from regular fees.

REPORT OF THE ENGINEERS OF THE FIRE DEPARTMENT.

To the Board of Selectmen :—

GENTLEMEN :—I have the honor to submit to you my first annual report of the department for the year ending Dec. 31, 1899, and the twenty-third of the present organization.

At the beginning of the year the department was under the control of five engineers, as follows: Otis Cushing, chief; W. O. Collyer, clerk; Edward Fahey, J. R. Walsh and W. H. Hocking. On May 1 Edward Fahey was elected chief of the department.

The department consists of 168 men, divided into seven hose companies, four hook and ladder companies, three men detailed for each steamer and five for the chemical.

The apparatus consists of seven hose wagons, four hook and ladder trucks, two steam fire engines, and one chemical.

There has been added this year as per vote of the town, one hook and ladder truck in Ward 3. The apparatus is all in good repair with the exception of the truck in Ward 1, and as that has passed its usefulness, we would recommend a new truck to be purchased for that Ward.

BUILDINGS.

The buildings are in good repair with the exception of the house in Ward 2, which needs new floors and hall needs painting.

FIRE ALARM.

The fire alarm is in good condition at present; a number of changes have been made during the year, which have added greatly to the safety of the wires, as they are not now as likely to come in contact with the electric light wires.

There are a number of places in town where, should a fire occur, there would be quite a delay in giving the alarm and serious loss in consequence; the lumber yard, for instance, as the nearest box is 38, located at the library building. We would recommend the purchase of five boxes to be located in different wards.

ALARMS.

Whole number of alarms during the year as follows: —

Ward 1, 17.

Ward 2, 18.

Ward 3, 15.

Ward 4, 7.

Ward 5, 8.

Of these two were false alarms.

Two second alarms were sounded.

The loss of property in Weymouth this past year was \$26,032.48.

APPROPRIATIONS.

We recommend the following amount for expenses for the year:
Salaries of fireman, engineers, stewards, and super-

intendent of fire alarm	\$2,600 00
Poll taxes of firemen refunded	336 00
For fires and engine house supplies	1,900 00
Hose	500 00
Fire alarm supplies	700 00
Five new alarm boxes	500 00
					<hr/>
					\$6,536 00

The forest fires this year have been very expensive having cost nearly \$450.00 and we would ask for \$300.00 for that purpose.

I wish to call your attention to the large number of fires we have had this year, the cost of hiring horses alone amounting to \$669 00.

HOSE.

We have purchased this year 1,000 feet of hose, but we are still in need of 1,000 feet more.

Before closing I wish to thank the members of the Fire Department for the prompt manner in which they have performed their duties and for the courtesy they have always shown me. I also wish to thank the other members of the Board for their co-operation in all matters of business and your Board for the courtesy shown me and the members of the Board in all business transactions in which we have been connected.

Yours respectfully,

EDW. FAHEY,

Chief.

REPORT OF SPECIAL OFFICERS.

To the Honorable Board of Selectmen of the Town of Weymouth :—

GENTLEMEN :—We submit herewith our report for the year 1899.

Number of places searched for intoxicating liquors, 41.

Number of places where liquor was found, 16.

Number of arrests for violation of liquor laws, 10.

For keeping and exposing with intent to sell, paid fine of \$50, 4.

For keeping and exposing, sent to House of Correction for 3 months, 1.

For keeping and exposing, placed on file, 2.

For keeping and exposing, discharged, 1.

For keeping and exposing, fined \$50 and appealed, 1.

For keeping and exposing, Superior Court, not guilty, 1.

Number of arrests for drunkenness, 38.

Number paid fine \$5 each, 16.

Number paid fine \$15 each, 2.

Number paid fine \$7 each, 2.

Number paid fine \$10, 1.

Number committed to House of Correction for 30 days, 5.

Number committed to House of Correction for 2 months, 4.

Number sent to State Farm, Bridgewater, 2.

Number placed on file, 4.

Number continued, 1.

Number defaulted, 1.

In addition to the enforcement of the liquor law we have procured and served warrants in the following cases :—

Breaking and entering in the night time, 5.

Sent to House of Correction for 18 months, 1.

Held for grand jury, 4.
 Idle and disorderly, sent to State Reformatory, 1.
 Passing counterfeit money (discharged), 1.
 Obtaining money by false pretences, sent to House of Correction for 2 months, 1.
 Malicious mischief, sent to House of Correction for 3 months, 1.
 Vagrancy (placed on file), 2.
 Larceny, held for grand jury, 1.
 Larceny from building, 4 months House of Correction, 2.
 Larceny, 3 months each, 3.
 Larceny (discharged), 1.
 Larceny, pending in superior court, 1.
 Larceny, paid fine \$5, 1.
 Larceny, paid fine \$10, 1.
 Larceny, committed to State Board of Charity, 1.
 Larceny, committed to House of Correction, 3 months, 1.
 Larceny, appealed, 1.
 Non-support, continued, 1.
 Allowing minors in pool room, paid fine \$10, 1.

DISTURBING THE PEACE.

Paid fine \$5, 2.
 Discharged, 1.

ASSAULTS.

On officer, sent to House of Correction for three months, 1.
 On officer, paid fine of \$10, 1.
 On officer, placed on file, 1.
 With loaded revolver, discharged, 1.
 Paid fine, \$8, 1.
 Paid fine, \$7, 1.
 Placed on file, 1.
 Discharged, 1.

 For keeping hotel without license, placed on file Sup. Court, 1.
 Stubborn child, sent to State Industrial School, Lancaster, 1.
 Truancy, sent to Truant School, Walpole, for 1 year, 1.
 Insane committed to Westboro Hospital, 4.
 Insane committed to Taunton Hospital, 1.

Evading fare, placed on file, 1.

Common railer and brawler, gave bonds to keep the peace for 6 months, 1.

Unauthorized using and affixing of labels, placed on file Superior Court, 1.

Number of warrants served, 141.

FINES IN LOWER COURT.

For violation of liquor law	\$200 00
For drunkenness	134 00
For assaults	25 00
For larceny	15 00
For allowing minors in pool room	10 00
For disturbing the peace	10 00
<hr/>	
Total fines	\$394 00
Recovered stolen property of value	223 00

Violations of the liquor laws are the hardest of all crimes on which to obtain convictions and as years of enforcement go on, the people who are engaged in the illegal traffic become more cautious. We search their premises and find no liquor, but find it on the adjacent premises. No one claims it, therefore you cannot connect anyone with it. You can get evidence in any other crimes, but it is very hard to get anyone to give evidence against a liquor dealer.

During the year the people have suffered a great deal from hen thieves. We have succeeded in arresting the parties. Two are now serving sentence in the House of Correction and two are held for the Grand Jury.

We have been assisted in our work by the following officers: Pratt, Peare, Pease and Allen.

Respectfully submitted,

THOMAS FITZGERALD,
PATRICK BUTLER,

Special Officers.

REPORT OF THE TRUSTEES OF THE TUFTS LIBRARY.

The twenty-first annual report of the Board of Trustees of the Tufts Library is respectfully submitted to the town of Weymouth, as follows :—

During the year 1899, the library was open for the delivery of books on 303 days; the whole number of bound volumes loaned for home use was 56,137, averaging 185 volumes per day and 4,678 volumes per month.

The largest number of loans made in one day was 378 volumes on the 20th day of April, and the smallest number in one day was 8 volumes on the 8th of February, the day of the “Blizzard;” 26,193 volumes were circulated throughout several agencies, as follows :—

Precinct 1, Bartlett's store	5,506
Precinct 1, Holden and Sladen's store	2,376
Precincts 2 and 6, Salisbury's store	9,585
Precincts 2 and 6, Bates and Humphrey's store	2,410
Precinct 4, Pratt's store	1,550
Precinct 4, Nash's store	2,687
Precinct 5, Fogg Memorial Library	2,079
		<hr/>
		26,193

Late in the year arrangements were made to send books regularly to the High school, in the belief that the disadvantage arising from the distance between the present location of that school and the library might be obviated, and that both teachers and pupils would appreciate this effort for their accommodation.

WORK WITH THE SCHOOLS.

The teachers have borrowed 3,681 volumes on their special cards. This does not by any means give a true estimate of the work done by teachers in connection with the library, for suggestions of good books for the pupils to borrow on their own cards are made by many of our best teachers. School life is short, but the benefit to the pupils cannot be measured, if, during this period, they have learned to make good use of a library which is available to them for a lifetime. The teachers of the higher grades are cordially invited to visit the library with their pupils to instruct them in the use of catalogues, indexes, and bibliographies, for, to quote from a circular issued by the National Educational Association: "Children must be trained to use the library as they are trained to do other things. Pupils should learn to read with economy of time by making use of page headings, table of contents, reviews, Poole's Index, card catalogues and other helps."

On April 5th, by invitation of the librarian, a reception to the Weymouth teachers was held at the library. This was a success socially, besides being beneficial in acquainting the teachers with the resources of the library, particularly with the books especially adapted to help them in their school work.

The books on nature study, of which the library has a large number, received marked attention. A list of books on birds and plants and useful to teachers may be found in Appendix "C."

REGISTRATION.

3402 The number of borrowers to date, since the new registration, is 3,461, an increase of 432 during the year; and, as 122 of these borrowers were given the special non-fiction card, the number of cards issued during the year was 554.

EXAMINATION OF THE BOOKS.

The annual examination of the books was made as heretofore, with the result that ten volumes are unaccounted for, and three volumes have not been returned after the usual notices have been sent to the borrower, but these will not be counted as lost until

more drastic action for their return has failed of securing them. Two volumes counted as lost in a previous report have been returned during this year. The examination also showed that many of the more popular books are badly worn, rendering it very desirable that they be replaced with new copies.

The work of mending and covering the worn and torn books has increased, each year, until it has become a material item in the expense of maintaining the library.

CLASSIFICATION OF CIRCULATION.

Arts, .036 ; Biography, .022 ; Fiction, including Juvenile Fiction, .696 ; History, .037 ; Literature, .026 ; Natural Science, .027 ; Poetry, .015 ; Social Science, .011 ; Religion and Theology, .003 ; Travels, .035 ; Periodicals, .092.

ADDITIONS TO THE LIBRARY.

The number of accessions to the library to date is 20,113—803 volumes have been added during the year. Seventy-four volumes are gifts. The magazines bound and placed on the shelves number 142, and 587 volumes have been purchased, 98 replacing those too badly worn to be retained for circulation.

Persons wishing books not in the library are requested to give the titles to the librarian, to be presented for the consideration of the Book Committee. When purchased, which is usually done if practicable, the applicants will be notified, and given an opportunity to read the books before they are placed in circulation.

Many notifications of such purchases have been sent the past year. When popular books, such as David Harum and Richard Carvel, are suggested no notice is sent,—the number of applicants for such books being too large. In some libraries it is the custom to purchase many extra copies of popular works of fiction, and loan them to those who are willing to pay a small sum per day for the privilege of receiving the desired book sooner than any of the regular copies can be obtained. This has not been deemed advisable in our library.

Free access to the shelves in the book-room would undoubtedly be a convenience to many borrowers, but with present arrange-

ments, it is impracticable to grant it. Students in special lines of study will be allowed this privilege upon application to the librarian.

A case, containing interesting works of fiction for adult readers, has been placed near the charging desk; which has brought to the attention of borrowers, some of the best, though not the most recent fiction, and has proved a help to the librarians, as well as to the lovers of good novels.

Some of the more valuable books added to the library during the year are: Adams' *in Nature's Image*, Bell's *Cathedral Series* 3 volumes, Berenson's *Venetian Painters of the Renaissance*, Davis' *Ornamental Shrubs, for Garden, Lawn and Park Planting*, Régamey's *Japan in Art and Industry*, Singleton's *Great Pictures as Seen and Described by Famous Writers*, Apthorp's *By the Way: short essays on music and Art*, Chopin's *Pianoforte-Werke*, volumes 4-6, Mendelssohn's *Werke für Pianoforte*, Schubert's *Songs*, Chase's *Screw Propulsion*, Durand's *Resistance and Propulsion of Ships*, Hawkins' *New Catechism of the Steam Engine*, Seaton's *Manual of Marine Engineering*, Walton's *Know Your Own Ship*, Watson's *Naval Architecture*, Knackfuss' *Monographs on Artists*, 4 volumes, Smith's *Life of Henry Drummond*, Ford's *Many-sided Franklin*, McCarthy's *Reminiscences*, Lee's *Life of Shakespeare*, Mass. *Soldiers and Sailors of the Revolutionary War*, volume 5, Richardson's *Compilation of the Messages and Papers of the Presidents, 1789-1897*, Ball's *Light from the East; or The Witness of the Monuments*, a valuable book for Bible students, Crawford's *Ave Roma Immortalis*, Curtin's *Creation Myths of Primitive America*, *History of South America*, Lodge's *Story of the Revolution*, McCarthy's *Story of the People of England*, Ratzel's *History of Mankind*, Ropes' *Story of the Civil War*, Schouler's *History of Civil War* vol. 3, Treyelyan's *American Revolution*, Yriarte's *Venice*, Browning's *Letters*, Fiske's *Century of Science and Other Essays*, Moulton's *Literary Study of the Bible*, Dawson's *Modern Science in Bible Lands*, Holland's *Butterfly Book*, Nichols and Franklin's *Elements of Physics*, Thompson's *Wild Animals I Have Known*, Todd's *Stars and Telescopes*, Demolins' *Anglo-Saxon Superiority*, James' *Talks to Teachers*, Wright's *Outline of Practical Sociology*, Anson's

Under the African Sun, Beresford's Break-up of China, Burrows' Land of the Pigmies, Colquhoun's China in Transformation, Fraser's Letters from Japan, Gwynn's Highways and Byways in Donegal and Antrim, Heilprin's Alaska and the Klondike, Hill's Cuba and Porto Rico, Kipling's American Notes, and From Sea to Sea, 223.103, Terhune's Where Ghosts Walk, Thomson's Through China with a Camera, Todd's Corona and Coronet, Tweedie's Through Finland in Carts, White's Our New Possessions, Worcester's Philippine Islands, Mass. Year-Book, 1899, Byerly's Elements of Differential Calculus, Cope's Primary Factors in Organic Evolution, Lounsberry's Guide to the Wild Flowers, Day's Cruise of the Scythian in the West Indies.

WORK WITH THE CLUBS.

The librarian reports to the trustees that many members of the several literary clubs in town have indicated their high appreciation of the value of the library to them in aiding their researches; and she cordially invites the committees of such clubs to make the library their headquarters while preparing their yearly programmes; tendering every possible help to them in learning the full resources of the library on their various subjects of inquiry; and by the use of bibliographies and the catalogues of other libraries aiding them to learn of other books which would be of special value to them, and could be suggested for purchase. Since the foregoing was written the trustees have learned, much to their gratification, of the liberal donation, to the library by Mr. Amos W. Stetson to constitute a "Memorial Fund" in tribute to his honored and beloved mother, Mrs. Susannah Hunt Stetson, the income of which is to be devoted to the purchase of books for its use, and they fully expect from this most timely gift, to be able, yearly, to furnish to the library, for the benefit of the more scholarly of its borrowers, a very considerable addition to the class of books especially desired by them.

CATALOGUES.

While the current accessions are made known to the public sufficiently by means of the list published in the "Weymouth Gazette

with the annual bulletin, the need of some general catalogue is felt by all who use the library. It is the desire of the Trustees to publish as soon as possible a Classed Finding List, issuing it in parts. The first class which it is expected will be printed during the coming year will be fiction. It is hoped that so many copies will be purchased that the issuing of another class may be warranted soon.

READING AND REFERENCE ROOM.

No account has been kept of the use of these departments or of books loaned for reading or study in the library. Many of the most interesting and valuable periodicals are to be found on the tables. The following magazines have been added during the past year: *L'Echo de la Semaine*, an excellent weekly in French text, the gift of Miss S. M. Loud; *Masters in Art*, each number devoted to one noted artist, containing a short biographical sketch with illustrations and interpretations of his most noted paintings; the *Outlook*, a weekly, valuable for its articles on current events; *Photo-Era*, one of the best inexpensive magazines on photography, and *Self Culture*, an illustrated monthly.

We have continued to receive the *Musician* from Mr. Gutterson, Rev. Henry Snyder has loaned the *Congregationalist*, Miss Parkman has supplied 84 issues of the *Boston Daily Advertiser* and Mrs. Blake furnished the *Electrical World*, until June.

A complete list of periodicals received may be found in Appendix A.

Miss Annie F. Loud has presented 73 numbers of her musical compositions and Mr. Howard M. Dow, 3 volumes and 75 numbers of his. They are resident musicians whose works we are glad to receive.

The library has received also gifts of books and pamphlets, a list of the donors of which may be found in Appendix A.

ART EXHIBITIONS.

Membership in the Library Art Club, at the small cost of \$5 annually, has enabled the library to give five exhibitions in the Reading Room during the past year. The first two were of pho-

tographs illustrating the architecture and art of the historic city of Florence. The pictures were beautiful and gave pleasure to many. The others, the Central Caucasus, wonderful scenes of snow capped mountains, the Views of Western and South-western scenery in our own country, and Prang's Library Loan Collection of the Great Artists were enjoyed by many visitors.

JOHN A. RAYMOND,

Town Clerk.

WEYMOUTH, Jan. 31, 1900.

TOWN RECORDS FOR 1899.

ANNUAL TOWN MEETING.

COMMONWEALTH OF MASSACHUSETTS.

NORFOLK, SS. *To either of the Constables of the Town of Weymouth, in said County.* GREETING :—

In the name of said Commonwealth, you are hereby required to notify and warn the inhabitants of Weymouth aforesaid, qualified to vote in elections therein, to meet at the polling places in their respective voting precincts, to wit :

In precincts numbered One, Three, Five and Six, in the halls of the Fire Engine Houses, located respectively in those precincts ; in precinct numbered Two, at Odd Fellows ' Opera House, and in precinct numbered Four, at the Hose House at Nash 's Corner, on Monday, the sixth day of March next, at six o'clock in the forenoon, then and there to bring in to the Wardens of their several precincts their votes on one ballot, for the following named town officers, to wit : Town Clerk, Town Treasurer, five Selectmen, five Overseers of the Poor, five Assessors, Collector of Taxes, three Auditors, two School Committee for three years, Park Commissioner for three years, three Trustees of Tufts Library for three years, one Trustee of Tufts Library for one year for the unexpired term of Francis Ambler, deceased, Water Commissioner for three years, one Commissioner for the Sinking Fund of the High School Loan Bonds for three years, and ten Constables ; and also to vote on the same ballot, "Yes" or "No," upon the

question, "Shall licenses be granted for the sale of intoxicating liquors in this town?"

The polls will be open at six o'clock in the forenoon and may be closed at one o'clock in the afternoon.

You are further required to notify and warn said inhabitants, qualified to vote as aforesaid, to meet at the Skating Rink in precinct Two, on Monday the thirteenth day of March next, at nine o'clock in the forenoon, then and there to act on the following articles, namely :

Article 1. To choose a Moderator for said meeting.

Art. 2. To choose all necessary town officers other than those elected by ballot, viz. :—

Public Weighers, Surveyors of Wood, Lumber and Bark, two or more Fence Viewers, two or more Field Drivers, one Pound Keeper.

Art. 3. To hear and act upon the reports of the several boards of town officers, and of any committee appointed at any former meeting, and to choose any committee the town may think proper.

Art. 4. To see what sum of money the town will vote to raise and appropriate for the support of public schools.

Art. 5. To see what sum of money the town will vote to raise and appropriate for the transportation of pupils to and from school.

Art. 6. To see if the town will vote to instruct the School Committee to employ a superintendent of schools.

Art. 7. To see what sum of money the town will vote to raise and appropriate for the repairs of highways, townways and bridges, and for the removal of snow.

Art. 8. To see what sum of money the town will vote to raise and appropriate for the support of the poor.

Art. 9. To see what sum of money the town will vote to appropriate for the payment of state and military aid, under the provisions of Chapters 301 and 279 of the Acts of 1894, and Chapter 561 of the Acts of 1898, and for burials, as provided in

Chapter 279 of the Acts of 1896, and to determine how much of same shall be raised by taxation.

Art. 10. To see what sum of money the town will vote to raise and appropriate for the relief of disabled soldiers and seamen, and the families of disabled soldiers and seamen, under Chapter 447 of the Acts of 1890 and Chapter 570 of the Acts of 1898.

Art. 11. To see what sum of money the town will vote to raise and appropriate for the support of the fire department.

Art. 12. On petition of W. H. Hocking and others: To see if the town will vote to raise and appropriate \$400 for the purpose of constructing a hose tower on the hose house at Nash's Corner.

Art. 13. On petition of John S. Bacon and others: To see if the town will vote to raise and appropriate the sum of \$1,200 for a hook and ladder truck in Ward 3.

Art. 14. To see what sum of money the town will vote to raise and appropriate for police service.

Art. 15. To see what sum of money the town will vote to raise and appropriate for the Tufts Library.

Art. 16. To see what sum of money the town will vote to raise and appropriate for the maintenance of a public reading room in the Fogg Library building.

Art. 17. To see what sum of money the town will vote to raise and appropriate for abatement and remittance of taxes.

Art. 18. To see what sum of money the town will vote raise and appropriate for the payment of interest that may become due the ensuing year.

Art. 19. To see what sum of money the town will vote to raise and appropriate for printing and advertising.

Art. 20. To see what sum of money the town will vote to raise and appropriate for miscellaneous expenses.

Art. 21. To see what sum of money the town will vote to raise and appropriate for the payment of town officers.

Art. 22. To see what sum of money the town will vote to raise and appropriate for election expenses.

Art. 23. To see what sum of money the town will vote to raise and appropriate for Memorial Day.

Art. 24. To see what sum of money the town will vote to raise and appropriate for care and repair of the Town House.

Art. 25. To see what sum of money the town will vote to raise and appropriate for electric lighting.

Art. 26. To see if the inhabitants will authorize the Town Treasurer to borrow such sums of money, in anticipation of taxes as will be found necessary to meet the current expenses of the year.

Art. 27. To see if the town will vote to appropriate from the revenue of the Water Works for the current year the sum of \$25,200 to be expended for the following purposes, viz: \$17,800 for interest on the Weymouth Water Loan Bonds becoming due the ensuing year, \$2,700 for salaries of the Superintendent of the Works and Engineer at the Pumping Station, \$1,700 for maintenance of the Works, and \$3,000 for all necessary expenses.

Art. 28. To see if the town will vote to appropriate and direct to be paid to the trustees of the Sinking Fund, out of the income of water rents for the current year, the sum of \$8,900 to be set apart and invested as a Sinking Fund for the payment at maturity of the principal of the Weymouth Water Loan Bonds.

Art. 29. To see if the town will vote to appropriate the sum of \$3,000 for the purpose of extending the main water pipe line.

Art. 30. To see what sum of money the town will vote to raise and appropriate for hydrants, and for water rent and care of drinking fountains.

Art. 31. On petition of the Park Commissioners: To see what sum the town will raise and appropriate for the care and improvement of the public parks of Weymouth.

Art. 32. On petition of the Park Commissioners: To see what sum the town will raise and appropriate for the purpose of

working the street laid out and accepted, running to the summit of Great Hill.

Art. 33. On petition of John Taylor and others: To see if the town will vote to raise and appropriate the sum of \$300 or such other sum as may seem necessary for the purpose of building and extension and hose tower on the hose house at Weymouth Heights.

Art. 34. On petition of J. C. Howe: To see if the town will vote to hold its annual town meeting the first Monday in March, and to choose its town officers the following Monday, or act in any manner in relation to the same.

Art. 35. On petition of M. W. Lynch and others: To see if the town will instruct the Board of Selectmen to pay \$2.00 per day to all able-bodied men for work performed by the Town, whether by contract or otherwise, and preference to be given to citizens and tax payers, and that nine hours shall constitute a days work.

Art. 36. To see what sum of money the town will vote to raise and appropriate for the purpose of rebuilding the retaining wall and sidewalk on Bridge street easterly from the Pine Point House.

Art. 37. On petition of Matthew Morrow and others: To see if the town will appropriate the sum of \$40 to pay to J. Walter Curtis for land taken for widening a new street leading of Pleasant street.

Art. 38. On petition of Franklin H. Barnes and others: To see if the town will vote to establish and maintain four incandescent lights on Summer street south of Federal street, the expense of which shall be drawn from the annual appropriation for electric lighting.

Art. 39. To see if the town will authorize and empower its Treasurer to take, in its name and behalf, all necessary action to foreclose a mortgage on the real estate of the late Fernanda A. White, in which mortgage the town of Weymouth is named as mortgagee, and in which default has been made in the payment

of the moneys thereby secured : and also to fully execute in the name and behalf of said town the powers of sale therein contained.

Art. 40. To see what sum of money the town will vote to raise and appropriate toward the sinking fund, for the payment at maturity of the High School bonds.

Art. 41. To see if the town will vote to raise and appropriate the sum of \$5,500 for the payment of a note due March 10, 1899.

Art. 42. To see what provision the town will make for the payment of a note for \$12,000, due May 1, 1899.

Art. 43. To see what provision the town will make for the payment of a note for \$15,000 due January 1, 1900.

Art. 44. To see what sum of money the town will vote to raise and appropriate, or will appropriate, to provide for any deficiencies in the appropriations of the current year, or for any overdrafts already made.

Art. 45. To determine in what manner taxes shall be collected the ensuing year, and to fix the rate of interest upon all taxes remaining unpaid after the time fixed for payment.

Art. 46. To see if the town will recommend the granting of sixth class licenses to all druggists in the town, or act in any manner in relation to the same.

Art. 47. To see if the town will accept the list of jurors as prepared by the Selectmen.

Art. 48. To see if the town will elect to contract with the Massachusetts Highway Commission for the construction of any portion of Washington or Main street which may be accepted as a State Highway, or act in any manner in relation thereto.

Art. 49. On petition of Patrick Moriarty and others : To see if the town will vote to raise and appropriate the sum of \$400 to finish the working of Phillips street extension to Summit street as already laid out by the Selectmen.

Art. 50. On petition of Maurice Kennedy and others : To see if the town will vote to raise and appropriate the sum of \$300 for the completion of Summit street.

Art. 51. To see if the town will accept the report of the Selectmen on the laying out of an extension of Granite street to Summit street.

Art. 52. To see if the town will accept the report of the Selectmen upon the laying out of a new street from a point on Middle street to a point on Broad street over the private ways of William Donovan and Michael Sheehy.

Art. 53. To see what sum of money the town will vote to raise and appropriate for the construction of a new street from Middle street to Broad street, as per article 52.

Art. 54. On petition of Warren Nadell and others: To see if the town will vote to raise and appropriate \$350 for the purpose of gravelling that part of Summer street between the house of A. D. Tirrell and the house of John R. Bouldry.

Art. 55. On petition of James F. Williams and others: To see if the town will vote to raise and appropriate a sum sufficient to repair and put in good condition the sidewalk on Sea street, Ward One, from the residence of Frank Alden to the corner of Bridge and Sea streets and to devote to said purpose the sum so raised and appropriated.

Art. 56. To see if the town will accept the name of Canterbury street for the new street leading from Pleasant street near the house of Matthew Morrow.

Art. 57. To see if the town will accept the name of Wessagusset street for the new street leading from Lovell street to Great Hill Park.

And you are directed to serve this warrant by posting attested copies thereof in three public places in each preeinct in said town seven days at least before the said sixth day of March next. Hereof fail not and make due return of this warrant, with your doings thereon, to the Town Clerk, on or before the third day of March next. Given under our hands at Weymouth, this twentieth

day of February, in the year of our Lord one thousand eight hundred and ninety-nine.

GORDON WILLIS,
BRADFORD HAWES,
C. E. BICKNELL,
GEORGE L. NEWTON,
NELSON W. GARDNER,

Selectmen of Weymouth.

COMMONWEALTH OF MASSACHUSETTS.

NORFOLK SS.

JOHN A. RAYMOND,

Town Clerk.

March 13, 1899.

ANNUAL TOWN MEETING.

Pursuant to the foregoing warrant, the annual meeting of the inhabitants of the Town of Weymouth, was held at the Skating Rink, Ward 2, in said Town, on Monday, March 13, 1899, the meeting being called to order at nine o'clock in the forenoon, and the warrant was read by the Town Clerk.

Article 1. Louis A. Cook Esq., was elected Moderator by ballot, the check list being used in the election.

Voted, That no person shall speak more than twice on the same question, provided there are other persons who wish to speak, and that debate on all articles shall be limited to thirty minutes, also no person shall speak over ten minutes.

A motion to reconsider the above vote was lost.

Art. 2. Voted, That a committee of one from each ward be appointed by the Moderator, to nominate all officers not required to be elected by ballot.

The Moderator appointed the following persons on the above committee, viz :

Charles Hawes, J. Russell Thomas, T. J. Evans, Frank H. Mason, Benj. F. Smith.

Voted, To take up Article 41.

Art. 41. Voted, That the Treasurer be authorized to borrow, with the approval of the Selectmen, the sum of \$5,500, for the purpose of paying a note for that amount, due March 10, 1899, said sum to be borrowed for the term of four years.

Voted, To take up Article 26.

Art. 26. Voted, That, for the purpose of procuring a temporary loan to, and for the use of the Town of Weymouth, in anticipation of the taxes of the present municipal year, the Town Treasurer is hereby authorized and directed to borrow, from time to time, with the approval of the majority of the Selectmen of said town, a sum or sums in the aggregate amounting to one hundred and thirty thousand dollar, and to execute and deliver the note or notes of the town therefor, payable within one year from the time the loan is made.

The said debt or debts incurred by a loan or loans to the town under this vote are to be paid from the said taxes of the present municipal year.

Voted, To take up the articles of the warrant in their regular order.

Art. 3. Voted, To accept the reports of the several boards of town officers as printed.

Voted, To accept the following report of the Selectmen, of expenditure from Jan. 1, to March 6, 1899 :

OBJECT OF APPROPRIATION.	Unexpended Jan. 1, 1899.	Expended in Excess Jan. 1, 1899.	Expended Jan. 1. to Date.	Unexpended March 6, 1899.	Total Excess of Expendi- tures Mar. 6. 1899.

Art. 4. Voted, That the sum of \$43,328.00 be raised and appropriated for the support of public schools during the ensuing year and that one-half of the dog-tax, the income from the Alewife Fund and all money received for the tuition of non-resident pupils be appropriated for the same purpose and the School Committee are instructed not to exceed this appropriation, but if in need of money, they must petition the Selectmen to call a special town meeting for that purpose.

Art. 5. Voted, That the sum of \$1,500 be raised and appropriated for the transportation of pupils to and from school.

Art. 6. Voted, That the School Committee be instructed to employ a Superintendent of Schools, at a salary not exceeding \$1,400.

Art. 7. Voted, That the sum of \$12,700 be raised and appropriated under this article, \$10,000 of which is to be expended for highway repairs, \$2,000 for the removal of snow, and \$700 for the Hingham and Quincy bridges, but none of this money is to be expended for rebuilding old roads; also voted that whenever parties in town offer teams free to the town for carting gravel, the town shall fill the teams free at the pit, and the gravel shall be put in such places as the owners of the teams shall designate, under the direction of the Selectmen.

Voted, That the Selectmen shall appoint no Superintendent of Streets other than one of their own members.

Voted, That the Selectmen and Overseers of the Poor repair Essex street to Broad street, and Broad street from Essex street to Spring street with the town teams.

Voted, That the Selectmen be instructed to remove all signs bearing names in substitution for legal designations of public streets and squares, and in their place put the duly authorized titles of such streets and squares.

Art. 8. Voted, that the sum of \$13,000 be raised and appropriated for the support of the poor and that \$2,000 be appropriated for the same purpose.

Art. 9. Voted, that the sum of \$7,200 and the unexpended balance of last year be appropriated for the payment of State and Military Aid under Chaps. 301 and 279 of the Acts of 1894 and Chap. 561 of the Acts of 1898 and for burials under Chap. 279 of the Acts of 1896.

Art. 10. Voted, that \$2,500.00 be raised and appropriated for the relief of disabled soldiers and seamen and their families under Chap. 447 of the Acts of 1890 and Chap. 570 of the Acts of 1898 and that \$500.00 be appropriated for the same purpose.

Art. 11. Voted, That \$5500.00 be raised and appropriated for the support of the fire department, \$500 of which is to be used for the purchase of new hose.

Art. 12. Voted, That the sum of \$300 be raised and appropriated for building a hose tower on the hose house at Nash's corner, to be expended under the direction of the captain, first lieutenant and steward of the company.

Art. 13. Voted, That this article in relation to purchasing a hook and ladder truck for Ward 3 be indefinitely postponed.

A motion to reconsider the above vote was lost.

At this time the Moderator appointed Charles Hawes and Willard J. Dunbar as tellers, and administered the oath to them.

Art. 14. Voted, That \$4000.00 be raised and appropriated for police service.

Art. 15. Voted, That \$2000.00 be raised and appropriated for the Tufts Library, and that one-half the dog tax, the receipts from rents and the balance received from insurance be appropriated for the same purpose.

Art. 16. Voted, That \$500 be raised and appropriated for the maintenance of a public reading room in Fogg Library building, and that the unexpended balance from last year be appropriated for the same purpose.

Art. 17. Voted, That \$1,000 be raised and appropriated for abatement and remittance of taxes.

Art. 18. Voted, That \$5,000 be raised and appropriated for the payment of interest that may become due the ensuing year.

Art. 19. Voted, That \$1500 be raised and appropriated for printing and advertising and that the printing be let out to the lowest bidder.

Art. 20. Voted, That \$2,000 be raised and appropriated for miscellaneous expenses.

Art. 21. Voted, That \$6,000 be raised and appropriated for the payment of town officers. The Selectmen, Overseers of the Poor and Board of Health to receive \$2,600. The Assessors, \$1,100; also a sum not exceeding \$200 for clerk hire; Town Clerk, \$125, Town Treasurer, \$450, Auditor \$100; School Committee for services and expenses, \$350.

Art. 22. Voted, That \$600 be raised and appropriated for election expenses.

Art. 23. Voted, That \$400 be raised and appropriated for Memorial Day.

Art. 24. Voted, appropriate unexpended balance from last year.

Art. 25. Voted, That \$6000 be raised and appropriated for electric lighting.

Art. 27. Voted, that the sum of \$23,800 be appropriated from the income of the water works to be expended for the following purposes, viz., \$17,800 for the interest on bonds, \$1400 for salaries of the superintendent of the works and \$900 for engineer at the pumping station, \$1200 for maintenance of the works and \$2500 for all other necessary expenses.

Art. 28. Voted, That \$8900 be appropriated out of the income of the water works to be paid to the trustees of sinking fund, to be set apart and invested as a sinking fund for the payment at maturity of the Weymouth Water Works Loan Bonds.

Art. 29. Voted, That the sum of \$3,000 be appropriated for the extension of the main water pipe line.

Art. 30. Voted, That \$5,000 be raised and appropriated for the water rent and care of drinking fountains.

Art. 31. Voted, To raise and appropriate the sum of \$50 for care and improvement of Public Parks.

Art. 32. Voted, That action under this article in relation to working the street to the summit of Weymouth Great Hill be indefinitely postponed.

Art. 33. Voted, That action under this article in relation to building an extension and hose tower on the hose tower at Weymouth Heights be indefinitely postponed.

Art. 34. Voted, That the article in relation to changing the time of the annual town meeting be indefinitely postponed.

Art. 35. Voted, To instruct the Board of Selectmen to pay \$2.00 per day to all able-bodied men for work performed by the town, whether by contract or otherwise, and preference to be given to citizens and taxpayers; and that nine hours shall constitute a day's work, but this vote shall not debar the selectmen from employing men and boys who are not able to do a full day's work at a less rate.

Art. 36. Voted, That \$400 be raised and appropriated for the purpose of rebuilding the sea wall and sidewalk on Bridge street.

Art. 37. Voted, That this article in relation to paying land damages on new street leading off Pleasant street be referred to the Selectmen with full powers.

Art. 38. Voted, That this article in relation to electric lights on Summer street be referred to the Selectmen.

Art. 39. Voted, That the Treasurer of the town of Weymouth is hereby authorized and empowered in its name and behalf to make an open and peaceable entry on the real estate conveyed in mortgage to said town by Fernanda A. White by his deed, duly recorded, for breach of the condition thereof by the failure to pay the principal sum and the interest secured by said mortgage when it became due and payable, or at any time thereafter, and to do all other acts requisite to the full execution of the power of sale contained in said deed, including the execution and delivery of a proper deed of the said estate to the purchaser, and paying the net proceeds of such sale into the town treasury.

Art. 40. Voted that \$4000 be raised and appropriated to be paid into the sinking fund for the payment at maturity of the High School bonds.

Art. 42. Voted, That the Treasurer be authorized, with the approval of the Selectmen to borrow \$12,000 for the payment of a note for that amount, due May 1, 1899, and issue for the same two notes of the town, to mature respectively 1904 and 1905.

Art. 43. Voted, That the Treasurer be authorized, with the approval of the Selectmen, to borrow \$15,000 for the payment of a note for that amount, due January 1, 1900 and to issue two notes of the town for \$7,500 each, to mature respectively in 1906 and 1907.

Art. 44. Voted, That \$10,000 be raised and appropriated for the payment of overdrafts of 1897 and 1898.

Art. 45. Voted, That all taxes shall become due and payable on or before the 10th. day of October next, and that the collector be instructed to collect forthwith, according to law, all taxes remaining unpaid after that date, with interest at the rate of 6% per annum, and that the salary of the Collector be the same as last year, 6 mills.

Art. 46. Voted, That the Selectmen be instructed to grant no 6th. class license to any druggist.

Art. 47. Voted, To accept the Jurors' List as prepared and published by the Selectmen after amending it as follows, viz. :—

Striking out the names of Walter L. Bates, Braman A. Bennett, Edward H. Benson, Frederick H. Clark, Charles W. Joy, Henry A. Nash, Jr., Frank A. Richards and Charles H. Whitman and adding the names of Abbott C. Bates, Walter H. Joy, Henry S. Hollis, James M. Brant, Joe Taylor, Carl R. Hunt and Josiah H. Pratt.

Art. 48. Voted, That the Selectmen contract with the Massachusetts Highway Commission for the construction of any portion of Washington and Main streets, which may be accepted as a State Highway.

Art. 49. Voted, That this article in relation to the working of Phillips street, be indefinitely postponed.

Art. 50. Voted, That this article in relation to the working of Summit street be indefinitely postponed.

Art. 51. Voted, To accept the report of the Selectmen on laying out an extension of Granite street.

Art. 52. Voted, To accept the report of the Selectmen on laying out a new street from a point on Broad street over the private way of William Donovan and Michael Sheehy to be called Center street.

Art. 53. Voted, That this article in relation to the working of Center street be indefinitely postponed.

Art. 54. Voted, That action on this article in relation to the gravelling of Summer street be indefinitely postponed.

Art. 55. Voted, That action on this article in relation to the repairing sidewalk on Sea street be indefinitely postponed.

Art. 56. Voted, That the street running easterly from Pleasant near the house of Matthew Morrow shall be called Canterbury street.

Art. 57. Voted, That action on this article in relation to naming the street running to the summit of Weymouth Great Hill be indefinitely postponed.

Voted, That the Selectmen call the next annual meeting of the town at the Town Hall, provided the electric railroad which is to pass the Town Hall is in operation.

Voted, That the Moderator appoint the appropriation committee for the ensuing year, and to report their names to the Town Clerk.

Voted, To take up Article 3.

Voted, To cover into the treasury the following unexpended balances as shown on page 147 of the town report. viz.: Front Street wall, \$32.16; Hose Wagon Ward 3, \$20.50; moving and mounting guns, \$53.70.

Voted, To accept and adopt the report of the Committee appointed under Article 3 to nominate all officers not required to be elected by ballot.

SPECIAL TOWN MEETING.

COMMONWEALTH OF MASSACHUSETTS.

NORFOLK, SS. *To either of the Constables of the Town of Weymouth, in said County.* GREETING.

In the name of the Commonwealth, you are hereby required to notify and warn the inhabitants of Weymouth aforesaid, qualified to vote in elections, to meet at the Town House in said town, on Monday the twenty-fourth day of April, instant, at eight o'clock in the evening, then and there to act on the following articles, namely :—

Article 1. To chose a Moderator.

Art. 2. On the petition of Amos W. Blanchard and others, to see if the town will vote to raise and appropriate the sum of One Thousand dollars, for a Hook and Ladder Truck in Ward Three.

Art 3. To see if the town will instruct the School Committee to insure the High School Building against fire, or act in any manner in relation thereto.

Art. 4. To see if the town will appropriate any sums of money for deficiencies in the appropriations of the last year, which were not provided for in the annual meeting.

And you are directed to serve this warrant, by posting attested copies thereof, in three public places in each precinct in said town, seven days at least before the time of holding said meeting.

Hereof fail not, and make due return of this warrant with your doings thereon, to the Town Clerk, at or before the time of said meeting.

Given under our hands at Weymouth, this tenth day of April, in the year of our Lord, one thousand eight hundred and ninty-nine.

GORDON WILLIS,
BRADFORD HAWES,
C. E. BICKNELL,
GEORGE L. NEWTON,
NELSON W. GARDNER,

Selectmen of Weymouth.

WEYMOUTH, April 15, 1899.

Pursuant to the within warrant, I have posted true and attested copies thereof in three public places in each precinct in said town as therein directed.

GEORGE B. BAILEY,

Constable of Weymouth.

A true copy, Attest:

JOHN A. RAYMOND,

Town Clerk.

Town Clerk.

CLERK'S DISTRICT MEETING.

The undersigned, Town Clerk of Weymouth, met the Town Clerk of Braintree, at Braintree at twelve o'clock at noon, Friday, Nov. 17, 1899, the time and place appointed for the Clerks of the Sixth Norfolk District to meet to examine the returns of votes cast in said district for Representatives to General Court, and found that Edward W. Hunt and John B. Whelan, both of Weymouth, having received the largest number of votes, were duly elected, and so certified according to law.

JOHN A. RAYMOND.

The following is the vote of the Town of Braintree for Representatives to General Court as certified to by the town officers.

Edward W. Hunt of Weymouth	441
Charles C. Mellen of Braintree	466
John B. Whelan of Weymouth	359

A true copy—Attest:

JOHN A. RAYMOND,

Town Clerk of Weymouth.

REPORT OF THE PARK COMMISSIONERS.

The Park Commissioners of Weymouth hereby submit their annual report. At the annual meeting in March the town made the first appropriation in its history of money for park improvements, and this the modest sum of fifty dollars. Of this amount the sum of thirty-two dollars and sixty-three cents (\$32.63) has been expended at Webb Park, viz.: To Jere Delorey for labor, \$14, to James Fitzgerald, carting, \$5; to Joseph Delory, labor, \$6; to W. H. Clapp for labor, and horse and cart, \$7.63; total \$32.63 leaving an unexpended balance of \$17.37

In looking over the field at this park before commencing work, it was apparent that the sum of \$50 would only enable us to clean up rubbish, and mow down briars and brambles of which there was a vast quantity. This was all that was attempted, and so far as we have gone the improvement is quite noticeable. We recommend that the town appropriate \$50 more this year, which with the unexpended balance of last year of \$17.37 will enable us to hold the ground we have cleared, and continue the work of clearing and cleaning up. We also recommend an appropriation of \$100 for grading the sidewalk on Summit street, bordering on this park which would give a more finished appearance to this side of said park, and make it look much more attractive.

Beals Park at North Weymouth has had the usual amount of care bestowed upon it, and has presented a neat and attractive appearance during the summer months when it is much frequented by the people of that locality, following is a statement of the receipts and expenditures of money on this park. Received income of Beals fund, \$113.54; paid Stephen Delorey for labor, \$20.50; paid N. S. Morse, \$12.50; due L. B. Curtis for bills paid in '98, \$5.62, balance \$74.92.

Great Hill Park remains as last reported, nothing having been done to improve it, no funds being available, this does not prevent, however, people from visiting it, and enjoying the magnificent view from the top, it is free to all, and many more should avail themselves of the privilege.

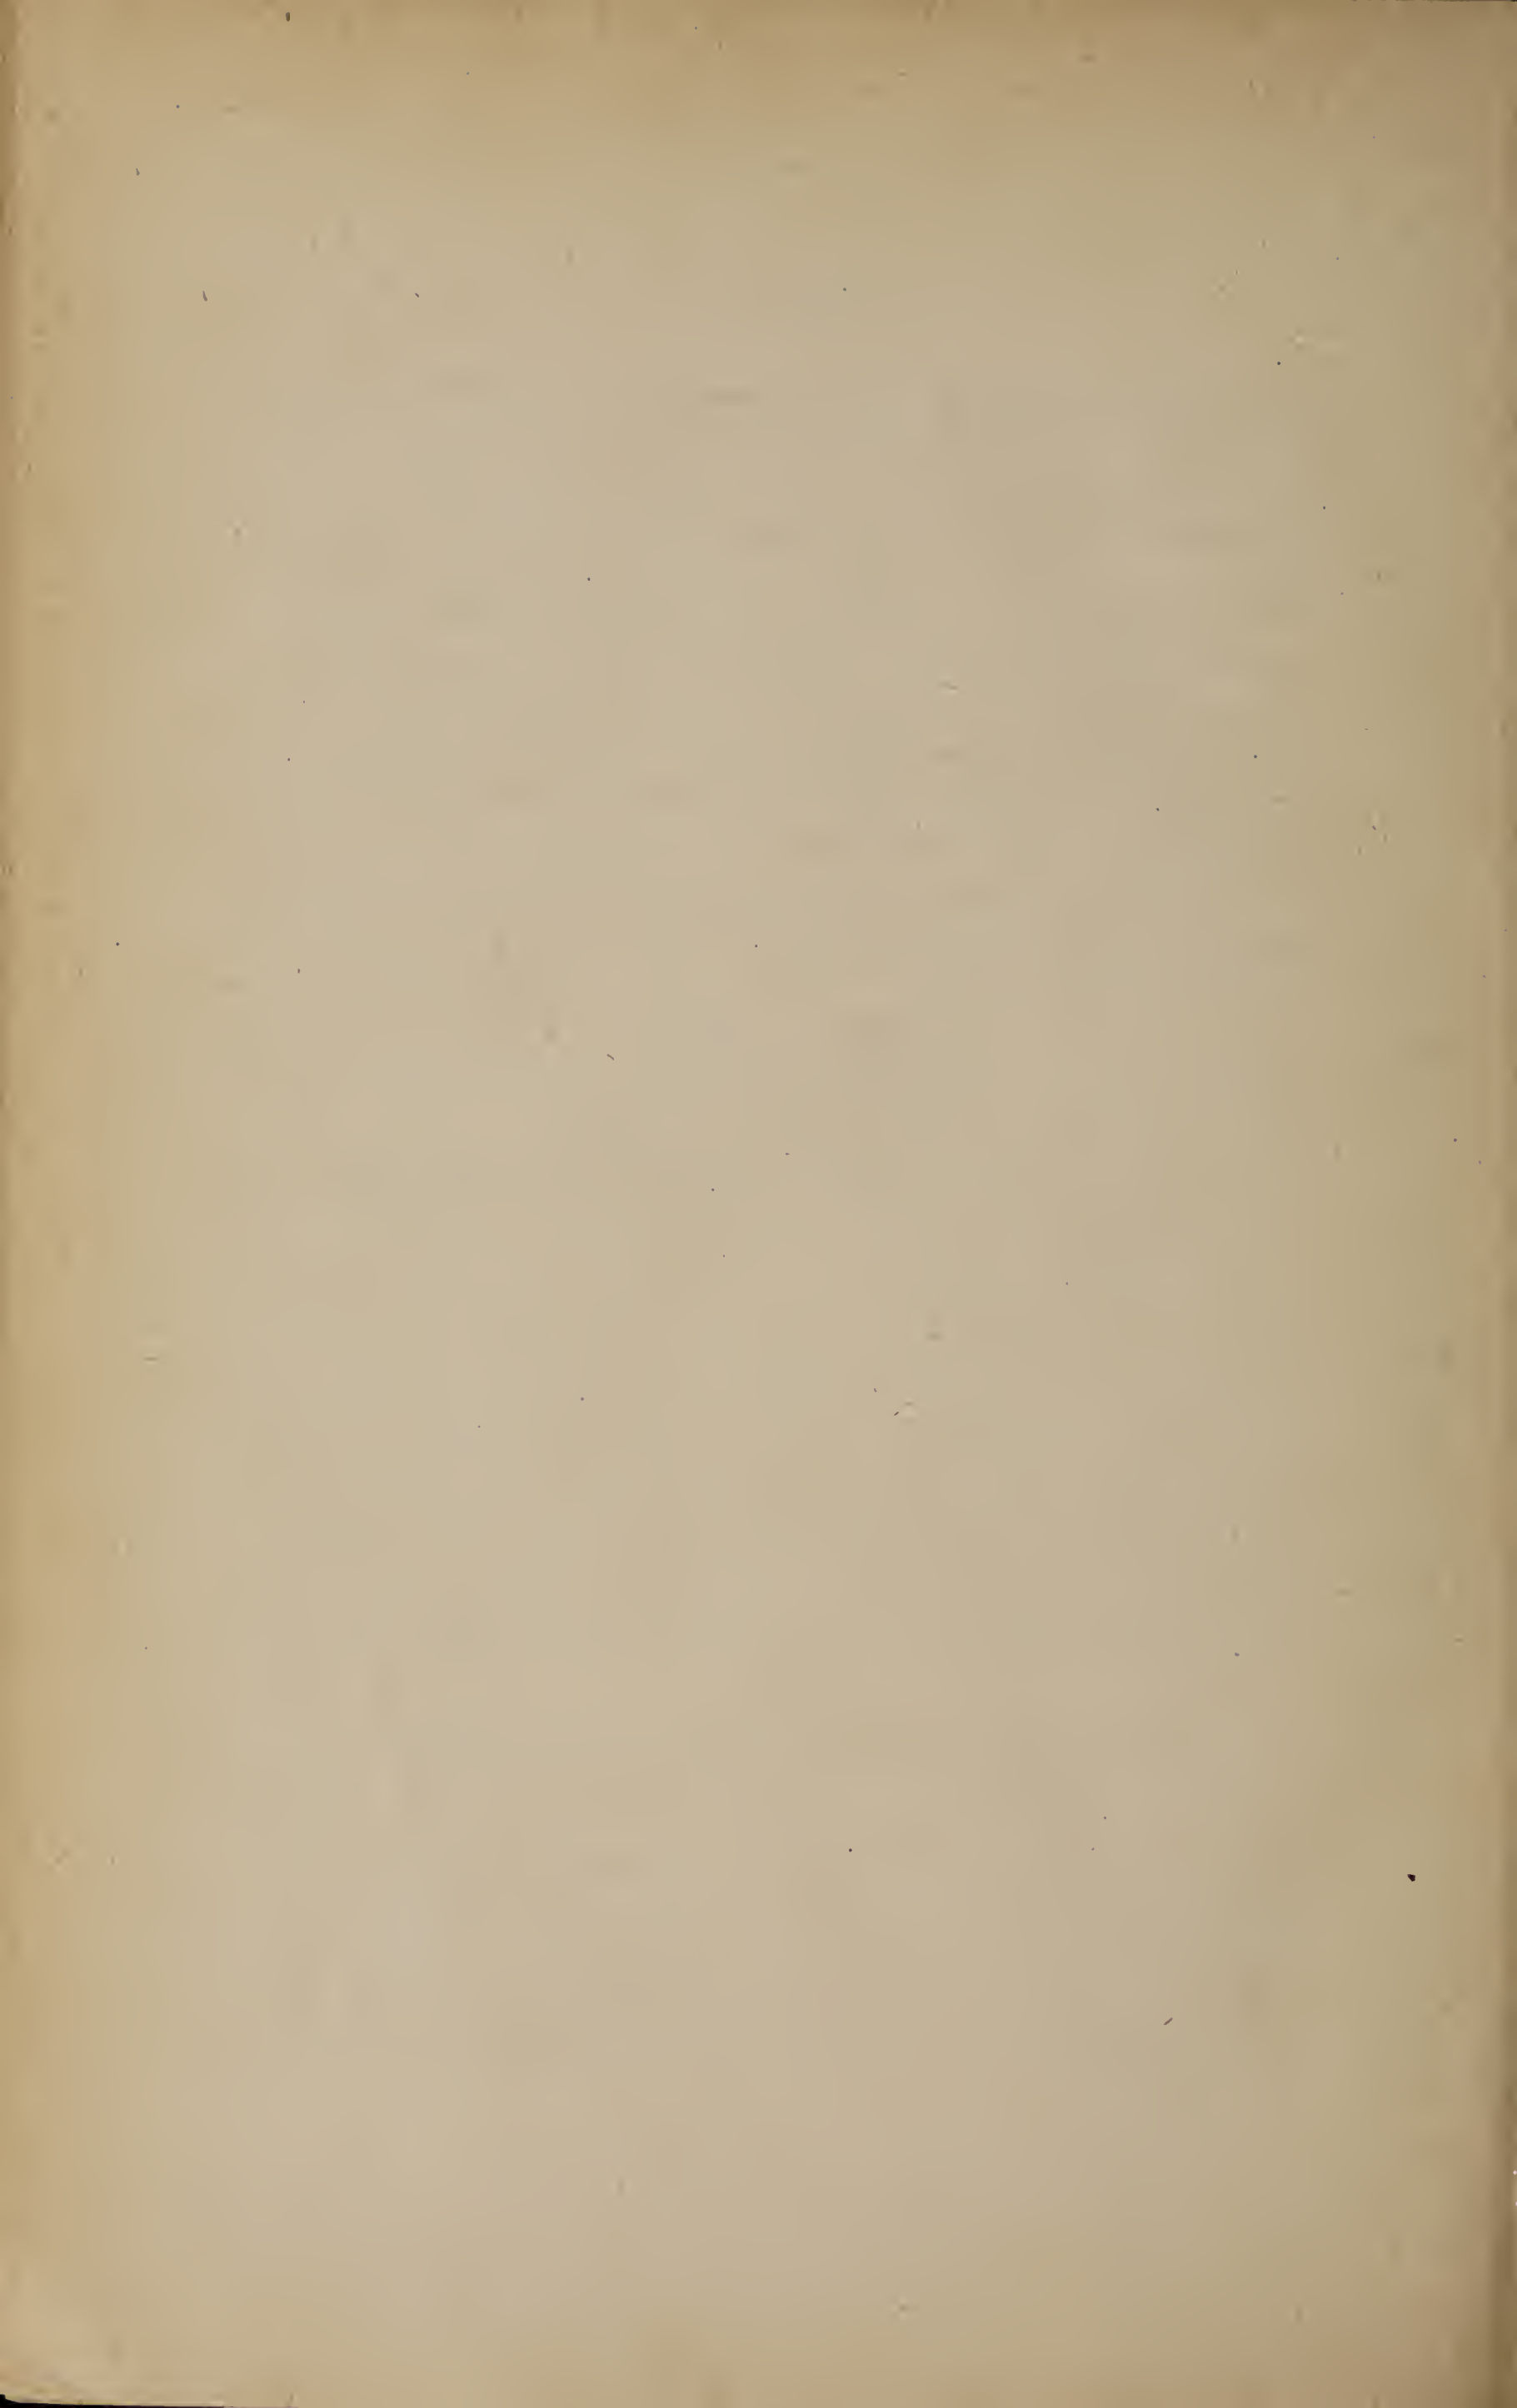

While other cities and towns in the State are expending thousands of dollars annually for Public Parks, and consider it money well invested, Weymouth has not thought it advisable to adopt such a policy, and the chances are that when she does awake to the importance of it, it will be too late to secure desirable tracts of land, except at great cost. In previous annual reports we have urged the importance of the town securing *now*, certain tracts of wild land, well adapted for Park purposes, which could be bought at nominal sums, and, after being secured, let remain in a state of nature until wanted, and at this time we would renew our recommendation that the town take action at the earliest moment towards securing such lands. It is not necessary that such acquirement should be any financial burden to the town, as the money required could be borrowed as a Park loan at a low rate of interest, running through a long term of years, with provisions for its payment by a Sinking Fund, and it is the experience of all cities that have established Public Parks, that the increased valuation of contiguous real estate, reimburses the city or town for the cost. Much of the land that might be taken is either wooded or suitable for the growth of wood, and if cultivated by the town under an intelligent forestry system, would yield wood enough to supply the school houses and almshouse of the town, while the labor employed might be that of some of the men who require town aid in the winter owing to lack of employment.

Our attention has been called to an act of the Legislature of 1899, whereby every town in the State is required hereafter annually to elect as one of its town officers a Tree Warden, who shall have the care and control of all the public shade trees in the town, except those in public parks or open places under the jurisdiction of the Park Commissioners. This act was passed through the instrumentality of the Massachusetts Forestry Association, whose members naturally feel a deep interest in its inauguration and

future workings, and who urge that great care be taken by towns to select a competent man to fill the office. An expert arboriculturist would of course be the first choice, all other conditions being equal, but a public spirited man possessed of some knowledge of tree growth, and willing to give a reasonable amount of time and thought to the duties of the office, would undoubtedly make an admirable Warden. The street trees of our Massachusetts towns are celebrated for their beauty, and may well be considered among our most valuable assets. If they are valuable they should be properly cared for, and it now remains for the voters of Weymouth to say whether they will enhance the value of our trees by electing a competent man to care for them, or will prove unmindful of the town's best interests, and merely fill the office with a man of straw.

LOUIS A. COOK,
LEVI B. CURTIS,
WILLIAM H. CLAPP,

Park Commissioners of Weymouth.

ANNUAL REPORT
OF
WATER COMMISSIONERS
OF THE
TOWN OF WEYMOUTH, MASS.

1899.

WATER COMMISSIONERS.

AUGUSTUS J. RICHARDS, Chairman.

HENRY A. NASH, Secretary.

THOMAS H. HUMPHREY.

JOHN H. STETSON, Treasurer.

GORDON WILLIS.

OFFICERS.

GEORGE J. RIES, Superintendent.

CHARLOTTE E. BRIGGS, Clerk.

GEORGE W. SARGENT, Engineer at Pumping Station.

Commissioner's and Superintendent's office at Weymouth Center.

All bills made out and presented from this office.

Water rents payable April 1 and October 1, in advance, at Town Treasurer's office, First National Bank, in Fogg's Building, South Weymouth.

WATER COMMISSIONERS' REPORT.

The Water Commissioners of the Town of Weymouth respectfully submit their annual report :—

INCOME FOR 1899.

From the town for hydrants	\$4,740 00
Water rents collected	26,480 12
Water rents due	5,977 92
	<hr/> \$37,198 04
Deduct rents due 1898	\$3,106 59
Less rebates 1896, 1897 and 1898	270 61
	<hr/> 2,835 98
	<hr/> \$34,362 06
Receipts for 1898	33,634 86
	<hr/>
Income for 1899	\$727 20
Number of services added 1899	74
Whole number of services	2,506
Water takers added 1899	69
Whole number of takers	2,623

For itemized statement see report of the Superintendent.

Mr. George J. Ries has continued as Superintendent the past year at a salary of \$1,400 per year, but your commissioners would again call your attention to the salary of Mr. Ries. We think that the same should be \$1,800 per year. The amount of labor that it is necessary to devote to the care of the water department, also his duties as water register and collector should all be taken into consideration.

Mr. George W. Sargent is still in your service as engineer at the Pumping Station at the same salary as last year.

The exceeding dryness of the season for the past year has greatly increased the amount of pumping, and at a considerably larger cost for fuel.

An appropriation of \$3,000 is asked for the purpose of making such extensions as may be deemed necessary during the ensuing year; also an appropriation from the revenue of the works, to be applied as follows :

Interest on bonds	\$17,920 00
Payment to sinking fund	8,960 00
Superintendent's salary	1,800 00
Maintenance of the works	1,700 00
Pumping station	2,500 00
Current expenses	400 00
Commissioners	300 00
Office expenses	700 00
							<hr/>
							\$34,280 00

Respectfully submitted,

AUGUSTUS J. RICHARDS,
HENRY A. NASH,
THOMAS H. HUMPHREY,
JOHN H. STETSON,
GORDON WILLIS,

Water Commissioners.

WEYMOUTH, Dec. 31; 1899.

EXPENDITURES AND RECEIPTS.

ON ACCOUNT OF WATER WORKS FOR THE YEAR ENDING DEC. 31, 1899.

Con. Smith, 48 hours' labor at 22 2-9c. . . .	10 67
Chas. Smith, $36\frac{1}{2}$ hours' labor at 22 2-9c. . . .	8 11
Pat. Quinlan, 35 hours' labor at 22 2-9c. . . .	7 78
Pat. Crean, 35 hours' labor at 22 2-9c. . . .	7 78

To Michael Crean, 27½ hours labor at 22 2-9c.	\$6 11
Barney Smith, 9 hours' labor at 22 2-9c.	2 00

Discharging coal :

Ed Curran, 18 hours' labor at 33½c.	6 00
C. A. Hamlin, 9 hours' labor at 33½c.	3 00
Robt. Mitchell, Jr., 9 hours' labor at 22 2-9c.	2 00
Michael Connell, 8 hours' labor at 22 2-9c.	1 78
John Connell, 8 hours' labor at 22 2-9c.	1 78
Matthew Yourell, 17 hours' labor at 22 2-9c.	3 78
Patrick Quinlan, 17 hours' labor at 22 2-9c.	3 78
Con. Tehan, 8 hours' labor at 22 2-9c.	1 78
Chas. Smith, 17 hours' labor at 22 2-9c.	3 78
Thos. Fraher, 8 hours' labor at 22 2-9c.	1 78
Patrick Quinn, 8 hours' labor at 22 2-9c.	1 78
Michael Murphy, 26 hours' labor at 22 2-9c.	5 78
Tim'y Bresnehan, 8 hours' labor at 22 2-9c.	1 78
Con. Smith, 9 hours' labor at 22 2-9c.	2 00
Jas. Talon, 9 hours' labor at 22 2-9c.	2 00
Michael Crean, 9 hours' labor at 22 2-9c.	2 00
Patrick Crean, 9 hours' labor at 22 2-9c.	2 00
Martin Flynn, 9 hours' labor at 22 2-9c.	2 00
Tim'y Bresnehan, 9 hours' labor at 22 2-9c.	2 00

Flushing hydrants :

Ed. Curran, 45½ hours' labor at 33½c.	15 17
C. A. Hamlin, 62 hours' labor at 33½c.	20 67
Robt. Mitchell, Jr., 151¾ hours' labor at 22 2-9c.	33 71
Michael Crean, 9 hours' labor at 22 2-9c.	2 00
Patrick Crean, 9 hours' labor at 22 2-9c.	2 00
Chas. Smith, 9 hours' labor at 22 2-9c.	2 00
Matthew Yourell, 4½ hours' labor at 22 2-9c.	1 00
Thos. McEnroe, 45 hours' labor at 22 2-9c.	10 00
Con. Smith, 121½ hours' labor at 22 2-9c.	27 00

Taking account of stock :

C. A. Hamlin, 39½ hours' labor at 33½c.	13 17
Ed. Curran, 54¾ hours' labor at 33½c.	18 25
Robt. Mitchell, Jr., 43½ hours' labor at 22 2-9c.	9 67

To Shutting off and letting on water :

Con. Smith, 14 hours' labor at 22 2-9c. . . .	\$3 11
Matthew Yourell, $4\frac{1}{2}$ hours' labor at 22 2-9c. . .	1 00
Robt. Mitchell, Jr., $157\frac{1}{4}$ hours' labor at 22 2-9c. .	34 93
Ed. Curran, $75\frac{1}{2}$ hours' labor at $33\frac{1}{3}$ c. . . .	25 17
C. A. Hamlin, $159\frac{2}{3}$ hours' labor at $33\frac{1}{3}$ c. . . .	53 23

Care of gates and gate boxes :

Con. Smith, 38 hours' labor at 22 2-9c. . . .	8 44
Ed. Curran, $17\frac{1}{4}$ hours' labor at $33\frac{1}{3}$ c. . . .	5 75
C. A. Hamlin, $85\frac{1}{4}$ hours' labor at $33\frac{1}{3}$ c. . . .	28 42
Robert Mitchell, Jr., 74 hours' labor at 22 2-9c. .	16 45

Care of service pipe :

Mike Crean, 9 hours' labor at 22 2-9c. . . .	2 00
Patrick Crean, $15\frac{1}{2}$ hours' labor at 22 2-9c. . . .	3 44
Thos. McEnroe, $6\frac{1}{2}$ hours' labor at 22 2-9c. . . .	1 44
Charles Smith, 5 hours' labor at 22 2-9c. . . .	1 11
Con. Smith, 36 hours' labor at 22 2-9c. . . .	8 00
Robert Mitchell, Jr., $58\frac{1}{4}$ hours' labor at 22 2-9c. .	12 95
C. A. Hamlin, 122 hours' labor at $33\frac{1}{3}$ c. . . .	40 67
Ed. Curran, $24\frac{1}{2}$ hours' labor at $33\frac{1}{3}$ c. . . .	8 17

Care of mains :

Louis Keay, 9 hours' labor at 22 2-9c. . . .	2 00
Con. Smith, $13\frac{1}{2}$ hours' labor at 22 2-9c. . . .	3 00

Respectfully submitted,

JOHN H. STETSON, *Treasurer.*

WEYMOUTH, December 31, 1899.

SUPERINTENDENT'S REPORT.

To the Board of Water Commissioners:

GENTLEMEN,—I submit my report for the year ending December 31, 1899.

POND.

During the winter and early spring water was wasted over the dam for the purpose of keeping the water out of the swamps for the benefit of the quality of water. Although it has been exceptionally dry this season the water has not been any lower than it was Oct. 15, 1886, and Oct. 3, 1890. On August 10th the water in pond reached the point of 5 feet below full pond, and from then until Sept. 20th did not lower a fraction of an inch. On Sept. 20th we had a heavy rain which raised the water in pond 6 inches.

The spillway at the dam has been newly planked. Samples of water have been sent to the State Board of Health for examination, and the results of same will be found following this report.

PUMPING STATION.

No repairs, with the exception of a few valves and springs, have been needed either on the pumps or boilers. The Hartford Boiler Inspection Co. reports, show our boilers to be in good repair both externally and internally.

STAND PIPE.

On October 18th the water was drawn out of the stand pipe and the sides thoroughly scraped and brushed, after which it was painted with two coats of water-proof paint.

MAINS.

The mains have caused but little trouble in the way of leaks. Eight leaks have been found and repaired, only one of them being of any size, this was in a 10-inch pipe at the corner of Pleasant and Water streets, which was a cracked spigot, and, probably, dates back to the time of handling the pipe before it was laid.

HYDRANTS.

Three new hydrants have been set this year as follows: One in private way off Bay View street, one on Main street, and one on Hillcrest Road, making the total number now in use 370.

Three hydrants have been found leaking and have been repaired, one on Front street in front of Mrs. Dennis Burns' house, two on Washington street, one opposite Prospect street, and one opposite the Samuel Curtis estate. Cause of leaking due to improper use by some one. One hydrant has been moved back in front of John F. Dwight's place, Summer street.

GATES.

The gates are in fair condition. All poor wooden boxes have been replaced with iron boxes.

SERVICE PIPES.

Fifteen leaks have been repaired during the year.

Seventy-four new service pipes have been laid and thirty old services have been re-laid, as follows :

76	$\frac{3}{4}$ -inch lead	1,903.5 feet.
9	1-inch lead	231.0 "
15	$\frac{3}{4}$ -inch galvanized iron	202.5 "
2	1-inch galvanized iron	78.0 "
2	2-inch galvanized iron	42.0 "
		<hr/>
		2,457.0 feet.
	Number feet of service pipe re-laid	769.3 "
		<hr/>
	Number feet of new service pipe laid	1,687.7 feet.

Two thousand five hundred and six service pipes have been laid to date, of these there are fifteen that have not been let on and sixteen that have been discontinued. Number of feet of each size laid as follows :—

2,207	$\frac{3}{4}$ -inch diameter	51,784.4	feet.
227	1-inch diameter	5,997.2	"
3	$1\frac{1}{4}$ -inch diameter	83.3	"
23	$1\frac{1}{2}$ -inch diameter	953.	"
34	2-inch diameter	743.	"
1	$2\frac{1}{2}$ -inch diameter	17.	"
2	3-inch diameter	44.1	"
6	4-inch diameter	136.	"
3	6-inch diameter	53.	"
<hr/>							
Total length of service pipe	59,811.	feet.
Number miles of service pipe	11,327.	

Sixty-nine water takers have been added this year, making the total number to date two thousand, six hundred and twenty-three.

Forty-two services are shut off temporarily on account of vacancy and thirteen are shut off for non-payment of rent.

Water is supplied to the following : —

ENGINEER'S REPORT.

To the Weymouth Water Board:—

GENTLEMEN:—I respectfully submit the following for the year ending December 31st, 1899.

The Blake feed pump has required a new suction pipe.

The throttle to the Deane pump has been replaced with a new one.

I have attended to fifty-eight alarms on the following dates:

January 2, 18, 19, 25; February 11 (2), 12; March 5; April 2, 11, 18, 23 (3), 24, 25, 26, 27, 28, 29, 30 (4); May 2 (4), 10 (2), 17, 21; June 1, 3, 19, 23; July 4 (5), 10, 29; August 8 (2), 23; September 4, 7, 10, 11; October 2, 18, 19, 24, 25, 31; November 11; December 17.

Respectfully submitted,

GEORGE W. SARGENT,

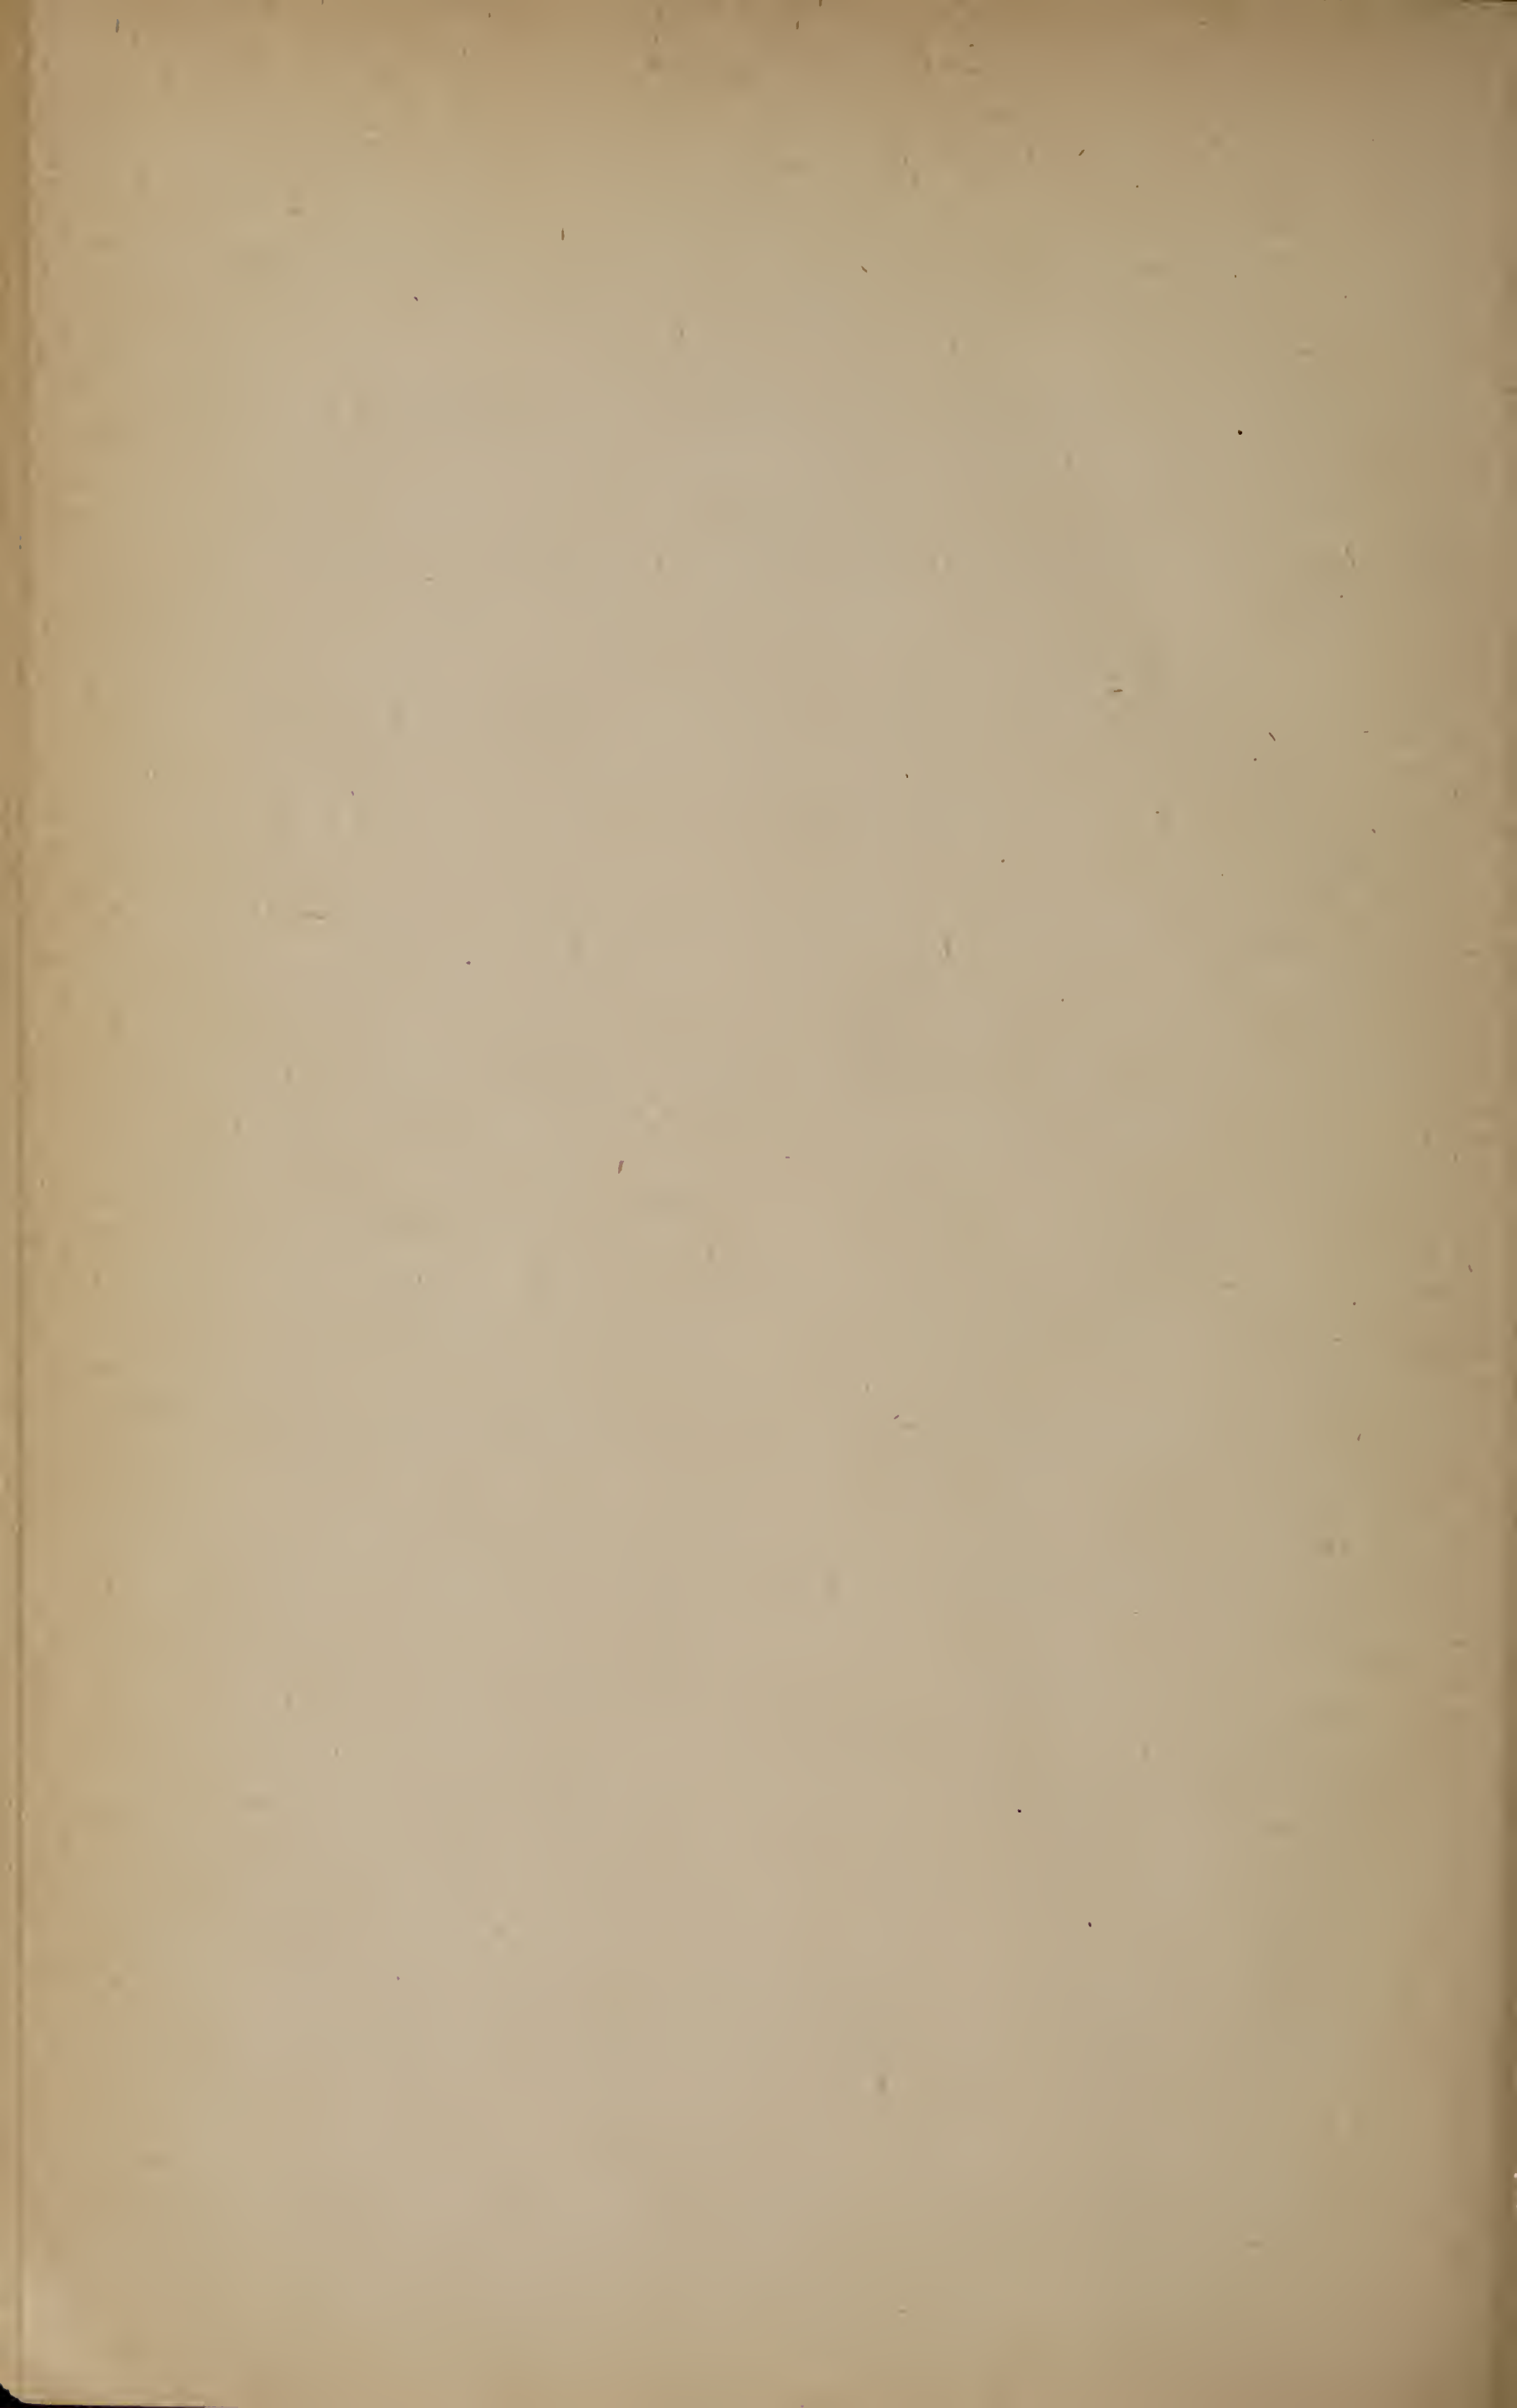

Engineer.

REPORT OF THE SCHOOL COMMITTEE.

To the Town of Weymouth:—

The School Committee submit herewith their annual report for 1899.

FINANCIAL.

The sum which was appropriated at the last annual Town Meeting for the support of schools from April 1st, 1899, to April 1st, 1900, was as follows:

Amount raised by taxation	\$43,328 00
Appropriation for deficiency	4,500 00
One-half of the dog license	520 57
Income from alewife fund	252 00
Total.	<u>\$48,600 57</u>

Balance on hand January 1, 1899, for the support
of schools to April 1, 1899 6,925 72

Total \$55,526 29

Expended from Jan. 1, 1899 to Jan. 1, 1900:

Salary of teachers and superintendent	\$31,609 83
Fuel and care of rooms	5,570 40
Repairs	3,613 38
Incidentals	34 75
Supplies	3,128 73
Truant officers	59 50
Miscellaneous	1,045 06
Total	<u>\$45,367 65</u>

Leaving a balance in the Town Treasury for the support of schools, from January 1, 1900 to April 1, 1900, of	\$10,158 64
The outstanding bills will not exceed	150 00
Leaving a net balance on hand of	\$10,008 64

The amount necessary to meet the school expenses to April 1, 1900, will be \$10,000.

The list of teachers who retired from the schools of Weymouth during the last year is as follows :

Date.	Name.	School.	Grade.
June 1899,	Annie R. Smith,	Adams,	III-IV.
June 1899,	W. W. Obear,	High,	Sub. Prin.
June 1899,	Mary E. Rogers,	Hunt,	VII.
June 1899,	Mary Wilson,	Tufts.	Principal.
June 1899,	Mary E. Gove,	Shaw,	III-V.
Nov., 1899,	Alanson Crosby,	Bates,	Principal.

TEACHERS APPOINTED DURING THE YEAR.

Date.	Name.	School.	Grade.
Sept., 1899,	David H. Benson,	High.	Sub. Prin.
Sept., 1899,	W. F. Davis,	Athens.	Principal.
Sept., 1899,	Cora L. Beard,	Adams.	III-VI.
Sept., 1899,	Eva Allyn,	Hunt.	VI.
Sept., 1899,	Florence Pierce,	Tufts,	II-III-V.
Sept., 1899,	Mary Tirrell,	Hollis,	
Sept., 1899,	Ernest Averill,	Pratt,	Principal.

LEAVE OF ABSENCE.

Sept., 1899,	Helen F. Irons,	High,	Assistant.
--------------	-----------------	-------	------------

TEACHERS TRANSFERRED.

Date.	Name.	From.	To.
Sept., 1899,	Edwin Sampson,	Athens Prin.	High Assist.
Sept., 1899,	Annie E. Washburn,	Hunt VI.	Hunt VII.
Sept., 1899,	Nellie F. Whelan,	Tufts II-IV.	Tufts Prin.
Sept., 1899,	Ellen L. Roche,	Hollis,	Shaw III-V.
Nov., 1899,	Everett W. Hollis,	Pratt Prin.	Bates Prin.

In December Mr. I. M. Norcross presented to the school committee his resignation of the office of superintendent of schools to take effect Jan. 1, 1900. Mr. Norcross has faithfully filled this position for ten years, entering upon his duties in this town in 1890. During that time many changes have been brought about in all grades, and a marked progress can be seen in our public schools. Mr. Norcross resigned to accept a much larger salary, as instructor in the Boston schools.*

ESTIMATES FOR THE ENSUING YEAR.

Salaries of superintendent and teachers	.	.	\$32,300 00
Janitors, fuel and cleaning	.	.	5,000 00
Text books and supplies	.	.	3,000 00
Repairs	.	.	3,000 00
Miscellaneous expenses	.	.	400 00
Water rates, etc.	.	.	300 00
Truant officers	.	.	75 00
<hr/>			
Total	.	.	\$44,075 00
This may be reduced by one-half of			
the dog license tax	.	.	\$520 00
Income from alewife fund	.	.	252 00
			<hr/>
			\$772 00
<hr/>			
Leaving a balance to be raised by			
taxation of	.	.	\$43,303 00

The above estimate is based upon the expenditures for several years past and is, we believe, economical and conservative.

At the present time we have just about money enough to pay the running expenses of the schools to April first. With the amount asked for there will be no excuse for a deficit.

* Since writing the above, the committee has elected Mr. Andrew S. Thomson as superintendent of schools. Mr. Thomson is a four years normal school graduate and also has a degree from Brown University. He has been a successful teacher and is at present filling the position of superintendent of schools for the districts of Littleton, Acton and Westford. Mr. Thomson is expected to begin his work in Weymouth, March 1st.

With our present salaries, which are barely sufficient to retain competent teachers, a deficiency will be the inevitable result of a cut in this department.

REPAIRS.

Our estimate necessary for the repairs for another year is \$3000 the same as we called for last year, and we repeat from the report of 1898 that it must not be assumed that this is a sufficient sum to put the buildings in a first class condition. That would cost several thousands more.

The Athens building is in a deplorable condition. The framework is decaying in places. The rooms are very dark and dingy, and on stormy days the light is so poor that it is almost impossible to read from the boards at any distance. In one room teacher and pupils are prepared for a shower of plaster at any time, as the plastering is poor and has already fallen from several places. Competent men have estimated that \$1000 would be the amount needed to put the building in good repair.

The heaters have been repaired and with this exception nothing has been done for years. Owing to a large increase in the grammar grades new and narrower seats had to be put in and the platform removed.

This expense will be found under the head of repairs in the Selectmen's Report.

No repairs have been made on the River Schoolhouse. The frost has thrown the underpinning to such an extent that the stone foundation ought to be reset and the grounds around the building regraded.

This with other necessary repairs will cost \$200.

The Adams school has had no repairs this last year. The building leaks in places, and the cellar is damp and unhealthy. Those living near the building and having children near the school have made much complaint about the sanitary arrangements. Inside the rooms should be freshly painted.

The Jefferson building in Ward II has had two coats of paint during the year. Nothing has been done to the interior of the schoolhouse since it was built and in the end it would mean econ-

omy to the town to put it in repair this year. The woodwork needs to be varnished and the walls tinted.

The Franklin and Bicknell schools should be painted outside and the walls in the rooms of the Washington building should be tinted.

Repairs also of minor character ought to be made in Ward 2.

At the Hunt and Lincoln schools in Ward 3 a much needed outbuilding has been constructed. The Hunt building has been shingled and the walls and ceilings in two rooms tinted. There are three rooms remaining in the building that should be tinted, and the wood work varnished, also new slate black boards are needed in all five rooms.

The Lincoln school should have a new floor laid in one room and new seats and desks put into both rooms. A retaining wall must be constructed against the bank near the cemetery at an early date.

The Tufts building has had a new floor laid in one room. There is a just cause for complaint from residents near the school about the wretched condition of the outbuildings. A new outbuilding is a positive necessity here for the health of pupils and community. This school-house is still heated by stoves and has practically no ventilation. A modern school heater would be conducive to health, comfort and economy in the end. The total expense in this ward (exclusive of a retaining wall and heater for the Tufts) necessary to put the buildings in excellent condition would be about \$1,000.

At the Holbrook school nothing but minor repairs have been made. The building is in need of paint inside as well as black boards. The Pratt has been painted two coats. There is need of a cellar under the whole house and a new heater is essential. New black boards are required for one room.

At the Shaw school, the grammar and primary rooms should have slate black boards and the walls tinted. Nothing has been done to these buildings during the past year.

Minor repairs, only, are needed at the Thomas, Pond and Hollis buildings.

The Howe building ought to be painted inside and is in need of new slate black boards. The out-houses are old and should be replaced with new sanitary buildings.

During the past year the cellar has been drained and a few small repairs made.

The Bates school house has been painted and a new fence constructed around the lot. Considerable carpenter work has been done inside the building. Three rooms should have new black boards. One room ought to have new desks and seats.

The cellar is wet, it ought to have a new drain.

In this brief report we have refrained from mentioning the many small repairs which are imperatively called for from time to time which foot up quite a sum at the end of the year, one of the largest items is the expense of keeping the heaters in good condition.

For a more detailed account of expenditures under this head we respectfully refer you to the Selectmen's report.

HIGH SCHOOL.

The High School building, being new last year, no repairs, excepting those enumerated below, were necessary. When the school term began it was found that the building stood so high that there was not pressure enough to furnish water for the laboratory or drinking purposes. The committee thought it essential that a tank should be placed in the building, as in case of fire there would be no water supply for the fire apparatus.

A tank costing \$100 was put in the attic. It holds 500 gallons of water, and is filled every night when the pressure is highest.

The November gale caused some damage to the building, requiring repairs to be made on the slate roof and copper flashings.

The school is satisfactorily heated and the system of ventilation meets with the unqualified approval of the state inspectors.

There will be no necessity for more than incidental repairs to keep the building in a first-class condition for a number of years.

The Statutes require that a flag should be placed on, or in the yard of every public schoolhouse in the state: the members of

the school committee are in hopes to have money enough this coming year to erect a suitable flag staff near the High School building.

One very acceptable gift received this last year was that from the ladies of the Monday Club. They presented the town with a number of maple trees, which were set out on the grounds around the High School, without expense to the town. Now that we have such a satisfactory building, with much to make it attractive inside, the grounds should not be neglected.

These trees were set out along the walk leading to the school and in front of the lot. After a few years' growth they will be large enough to afford shade and make the roads very pleasant. The site of the High School is very fine, and when the yard is improved with trees and shrubs it seems as though no pleasanter location could have been chosen.

We hope that others will follow the example of the Monday Club, and that before many years it will not be only the building that attracts the eye, but the walks, trees and natural beauty of the place.

The following is a statement of the expense of transportation for the last year :

Balance on hand Jan. 1, 1899	\$377 35
Appropriation March, 1899	1,500 00
					<hr/>
Total	\$1,877 35
Expended from Jan. 1, 1899 to Jan. 1900	1,139 00
					<hr/>
Balance on hand Jan. 1, 1900	\$738 35

There are outstanding bills amounting to \$500.

With the tickets on hand and the balance of \$238.35 in the treasury we are of the opinion that there will be sufficient funds to pay all expenses of transportation to April 1, 1900. The appropriation for the ensuing year must be at least \$1500 if the present arrangements are to be continued.

At the last annual town meeting the town appropriated the sum of \$1,500 for the transportation of pupils who reside a long distance from the school which they are required to attend.

The committee decided to furnish conveyance for all pupils who live in South Weymouth and attend the High School, also to any pupils living on the southerly end of Summer street and near the town house who attend school in Ward 3.

Some pupils being unable to walk any distance on account of ill health were given tickets. In each ward the teachers were allowed tickets to distribute at their own disposal on stormy days. These were distributed to those residing one and a half miles or over from the schoolhouse. Under these conditions nearly all of the High School pupils living in Wards 1, 2 and 3 were obliged to walk to and from the school.

All pupils from Wards 4 and 5 receive free transportation. These tickets are used for no other purpose than conveyance to and from school, on the school days of the week.

The parents and scholars, with few exceptions, approved of the above arrangements.

January 27, 1900.

DR. W. A. DRAKE, *Chairman of School Committee*,—

SIR :—I have the honor to present herewith the second annual report of the Weymouth High School.

The second year's work in the school shows good progress.

There is an increased loyalty of the pupils to their school and their teachers, a greater willingness to do what is asked of them, more care is shown in their daily work and in the character of their written work, and I think I may claim a higher average of scholarship throughout the school.

Among the additions needed to keep our school abreast of others of its character in the state, and in some cases required if we are to continue to fit our pupils for higher institutions, are solid geometry, required by the Massachusetts Institute of Technology and Harvard University,—advanced French or Elementary German, and such opportunities of election as will enable our young ladies to fit for the Normal schools, and drawing, which I find is taught in most of the schools of the state.

Our greatest need is a larger reference library in English and history. While the town libraries are a great benefit to us, the

Tufts' even making the High school a sub-station for distribution, they can not take the place of books wanted continually on our library shelves.

I spoke in my last report of our need of a sufficient number of copies of works of standard authors, something must be done the coming year to provide for this deficiency if we are to do satisfactory work in English. I have found it very difficult to provide sufficient matter for study and reading for the different classes and this trouble will become more pronounced another year. In spite of this lack of books we are doing some very good work in English and history and with our excellent equipment in the physical and chemical laboratories the school is able to offer advantages in this work equalled by few schools.

The classes of '88 and '98 of the North High School have during the past year, made some appropriate and acceptable gifts, which are not only decorative but instructive. Such generosity by the alumni of the High Schools is highly appreciated by both pupils and teachers, and we hope there may be others who wish to aid in such decorations.

The attractiveness of the building, course of study and equipments, greatly affects the influence and benefit of a High School, therefore we hope everything possible will be done to increase our library and decorate our rooms.

Since September our register shows the names of twenty-four visitors, only five of whom are parents of pupils in our school, and may I through you once more urge upon the parents a more intimate personal acquaintance with what we are doing? If parents would but realize the good likely to result from a visit to the school, they would, I feel sure, sacrifice the pleasure or routine work of at least one day in the year for such a visit. Teachers know nothing of what is required of their pupils at home and the parents little of what is required at school, but such an understanding would prove of great advantage to both teachers and pupils. We are frequently asked, "When is the best time to visit school?" There is no best time. Any part of the day would prove interesting and visitors are welcome at all times.

Our present session is five hours with one half hour out for nooning. The session is divided into six periods and every pupil

is suppose to have from twenty to twenty three periods a week including all general exercises. Of this number he is required to prepare from fifteen to seventeen lessons requiring from one to one and one half hours study. With our short session it is clear that much of the preparation must be done out of school, and where this is not done a pupil sooner or later falls behind the class. Our school regulations require two hours study at home. This will usually prove sufficient and considering our short session it does not seem to be at all excessive. Parents might be a great help to teachers if they would enforce this requirement.

The school graduated last year a class of thirty-one members, of whom an unusually large number are taking further work in other schools or colleges. From this number two young ladies entered Boston University, one Radcliff College, and one young man Harvard University.

The present senior class numbers forty-four members, most of whom I expect will be graduated.

In closing I wish to testify to the loyalty and sincere coöperation of my associate teachers, and to thank the School Committee for their hearty support.

Very respectfully yours,

E. J. BUGBEE.

Words by Fred V. Garey. Tune, Norwegian National Hymn.

Classmates, life is now before us,
 With its joy and pain ;
 Never will our voices echo
 Through these halls again.
 Now our school days are behind us,

Hid the future lies ;
 Let us trust then in the Father,
 Lord of earth and skies,
 And the sun of His rich blessing
 On our humble path will rise.

Trusting thus, press bravely forward,
 Upward e'er, and on !
 Let no fortress stand untaken,
 Leave no task undone.
 Thus, with true hearts and courageous,
 May we ever climb ;
 God, and mankind's highest welfare,
 Let these be our aim,
 That our records may be worthy
 To live on, through endless time.

GRADUATES.

Classical.

Anna Bradford Bates,	Fred Vining Garey,
Mary Gertrude Fraser,	William Francis Lynch,
Katherine Cecilia Fogarty,	Robert Bates Raymond,
Isora Edith Hender,	Michael John Sheehy,
Mary Louvisa Sheehy.

SCARLET FEVER.

This disease occurs most frequently in young children, and is the most fatal of the contagious diseases. It usually shows itself from three to eight days after exposure. It is disseminated by exposure to patients and may be carried by clothing. Particular care should be taken about disinfecting the rooms in which the patients have been sick with this disease, and all articles of clothing that may have been exposed to contagion, before children should be allowed to return to school. In both diphtheria and scarlet fever, school books that are in the rooms where these diseases exist should *not be returned to school* or used by the pupils, and if the pupil is taken sick in school his books should be destroyed. Health certificates may be accepted by the teacher two weeks after the death, removal, or recovery and disinfection of the premises.

WHOOPIING COUGH.

This is a highly contagious disease and is usually contracted by inhaling the breath of the patient. Most cases occur between the ages of one and eight years, but cases occasionally occur in old people who have not been attacked previously. It cannot be carried by a third person, hence only those who actually have the disease need be kept out of school. It comes on about ten days after exposure.

As the breath is the principal source of contagion, children should not be allowed to return to school until they are entirely free from the spasmodic cough.

MEASLES.

A highly contagious disease usually taken through the air, though it may be communicated through the breath. It has sometimes been carried long distances upon articles of clothing and thus given to others. From ten to fourteen days elapse from the time of exposure to the commencement of the eruption, and the whole course of the disease is about two weeks. Pupils who have measles, and those in a family where measles have appeared, should not be allowed to return to school until two weeks after recovery.

DIPHTHERIA.

This disease may be imparted to others by a person actually, or lately affected by it. It may also be carried by a person's clothing.

The germs of the disease may also enter the system through the air, through the food, or through the drinking water. It usually begins from two to eight days after exposure.

As soon as a case of diphtheria occurs in a family, all the children of that family should at once be excluded from the school and none should be allowed to return until two weeks after the membrane has disappeared from the throat, and then not until a thorough disinfection of the house and clothing.

CHAPTER 47. — SECT. 9. The school committee shall not allow a child who has not been duly vaccinated to be admitted to or connected with the public schools.

CHAPTER 515. Section 2 of this act provides that "all children who shall present a certificate signed by a regular practising physician that they are unfit subjects for vaccination shall not be subject to the provisions of section nine of chapter forty-seven of the Public Statutes excluding unvaccinated children from public schools."

SCHOOL SESSIONS.

The sessions of High Schools shall be determined by the High School Committee. The morning sessions in grades below the High Schools shall begin at 8.45 A. M. and close at 11.45 A. M.; and the afternoon session shall begin at 1.30 and close at 3.30 P. M.

STORMY DAYS.

The signal (2-2-2) for no session of the public schools will be struck on the Fire Alarms at 7.30 or 8.15 for no session of the Primary and Grammar Schools in the forenoon, and at 12.45 for no sessions in the afternoon.

When the signal is struck at 7.30 there will be no sessions of the High Schools.

Respectfully submitted,

WILLIAM A. DRAKE,
JOSEPH CHASE, JR.,
H. FRANKLIN PERRY,
BRADFORD HAWES,
GEORGE C. TORREY,
EDWARD B. NEVIN,

School Committee.
